**FFWPU Brazil:** the 2nd Youth Ministry event was held in Santo Amaro, Brazil on April 2, 2016. The event was organized by “Youth United for Service” (JUPS) centering on True Mother’s vision to align the youth ownership in line with True Parents’ providence.

We had 120 participants with 20 staff members who worked hard for a 6 hours’ event with an additional vigil night. During this event we discussed about topics such as “heavenly tradition”, “the importance of strong family values”, and “how to become a positive influence”.

The event was very dynamic with live music, theater, dance, worship and so on! And it ended with a nice coffee break!

It was beautiful to see the engagement of our youth and their development to take responsibility for at front line of God’s providence!
