Dear all,

As you may have noticed during the past month or so, on Facebook, emails, events and the website, CARP has been building momentum! We have a newly-formed CARP team for this academic year 2016-2017!

The focus of CARP UK is on young students aged 18-25. However, we are open to other young adults who are willing to help us out whether they are working, pursuing careers or otherwise.

Our purpose is to raise young adults to become leaders who will positively impact society through the study and application of the Divine Principle. Therefore, the aim of CARP is to carry out activities which will allow each individual to fulfil their full potential through applying the Divine Principle to their own lives and futures.

How will we achieve this?

The CARP Committee and the CIG Missionaries have teamed up to witness on Queen Mary University of London campus to invite students to read and study the Divine Principle step-by-step together.

We will host Divine Principle study sessions as well as chill together in smaller local groups. We will continue to host 'CARP Talks' and 'Share My Passion' Talks, on a monthly basis. Also, we plan to host seasonal/cultural events to expand our style and platform for witnessing.
