

YSP Cambodia: Character Education, Witnessing and Study tour about Cambodia

Chamroeun Sophal
November 23, 2023

IAYSP Cambodia in partnership with Generation Peace Academy (GPA-USA) and IAYSP Thailand successfully conducted the IAYSP Cambodia, IAYSP Thailand, and GPA-USA collaboration program with the purpose of "Character Education, Witnessing and Study tour about historical Cambodia place" The program, which was held on November 19-23, 2023 at Cambodia, there are 5 people from GPA-USA, 7 people from IAYSP Thailand, 1 person from United Kingdom and IAYSP Cambodia members.

It was wonderful on the first day because they visited and did a study tour of the world heritage and historical Angkor Wat Temple. The next activity is witnessing at the Royal University of Phnom Penh and everyone has a wonderful experience with the students and invites them to the International Food Day and become their spiritual children.

The next activity of the day is the character education program at beautiful BELTEI International University have a great time with the students, especially during brotherhood and sisterhood time. The next day, at the character education program at the National University of Management, everyone really enjoyed themselves and is inspired to meet new friends around the world. They visited the Choeung Ek Killing field and it was wonderful to know the history of Cambodia and they offered prayers sincerely to those people killed. According to Ms. Alexandra Szawlowski, a GPA member, said she enjoyed witnessing today! I haven't witnessed it on campus in a while, so I enjoyed talking to the students one on one. I really felt it could connect to the hearts of some students there as we talked more and more, and I learned about their lives. I felt that we could invite many people to the event.

It was inspiring and amazing because GPA-USA, IAYSP Thailand, and IAYSP Cambodia worked and did missions together. We know how much our beloved True Mother is happy and inspired to witness this kind of activity. We are hoping and excited to work again for the next batch of this collaboration. IAYSP Cambodia is really inspired and happy to work together, especially with GPA-USA and IAYSP Thailand. Thank you.
