

Restoration of Heart (8 presentations)

I started developing presentations on repentance, forgiveness, love your enemy and unity from 2015 when I recognized a resentful heart is the underlying cause of all anger and hatred. It is our resentful heart that established our bond of heart with Satan - "You are of your father the devil" (John 8:44). Most of the early presentations were based on True Father's words as my experience teaching Divine Principle while at the University of Bridgeport revealed to me clearly that DP can inspire new guests at most but to move, touch and stir our hearts we need to share True Parents' words.

We are supposed to inherit from True Parents God's love, life and blood lineage through the marriage blessing. However after receiving the blessing we do not live a lifestyle and love centered on God as we choose to indulge in our self-centered desires. To cultivate the heart of repentance and forgiveness requires concerted effort of awareness to gain this certificate from Satan. It requires patience and fortitude not to focus on our pain but to feel the pain of others. I discovered that True Parents revealed to us the original expressions of our heart. Since these expressions were with Adam and Eve, we can bring to life these original expressions of shame, tears and smile & laughter.

God's Education of Women (4 presentations)

Since Eve broke God's heart twice, restoration of the heart of women is the central providence to change the blood lineage of Satan in us. Jesus is the only begotten Son of God born without sin through purification of the womb according to True Parents theology. According to True Father, Jesus was born of a father and a mother, just as anyone else is, but in his case the Spirit of God was working also. The Messiah at the Second Coming also does not carry out the providence of the restoration of the lineage in the pattern of the Old Testament era. Slide 35 Lecture 5 True Parents Theology. However, True Father understanding is different. Since these presentations were created in 2015-2016 the underlying understanding is based on reversing the fall through woman like Tamar in the Old Testament even for True Father.

East Meets West Series (8 presentations) True Father was raised with Confucian values and Christian values when his family converted to Presbyterianism when he was ten years of age. Given the opportunity to share True Parents words to brothers and sisters in the Chinese People Federation for World Peace(CPFWP) through a meeting with Amy Yang at Cheong Shim Won, Las Vegas, I was determined to share the many insights I was receiving during morning devotion at CSW. True Parents' words on Hyojeong(filial heart) from True Mother, Heavenly Father from Jesus and later Heavenly Parent heart from True Mother were inspirations received at CSW Las Vegas. Sharing the deep heart of our True Parents through these presentations brought tearful resonant prayers at CSW. I started praying for a longing heart for True Mother and True Father. Lecture 6 of True Parents Theology explained longing heart as jeong(affectionate heart longing for Heavenly Parent shimjeong). Hopefully these lectures will start your journey to inherit the heart of True Parents and Heavenly Parent at the same time move us to cultivate our hearts.

Know God Series (28 presentations)

"Know the Lord," for they shall all know me, from the least of them to the greatest. Jeremiah 31:33-34. This is the era where God wants to reside in our hearts and govern us and we can

attend to Heavenly Parent directly. Once God comes into your heart, your heart knows Him: you shed tears even though you do not understand a word of someone's prayer or when you are in resonant prayer. Such is the time we are living in: we should be so grateful to have Cheon Shim Won and we can encounter True Father and Heavenly Parent.

Divine Principle Series (5 presentations)

The three blessings is taught and understood from the perspective of man. We need to understand from God's essence which is True Parent; we need to ask the question who God is and what is God's essence to understand our essence and identity. We must begin to integrate True Parents' Theology to Divine Principle. What is Heavenly Parent's heart towards Adam & Eve and the children's response of hyojeong? Is there a hierarchy of value, love and heart when we consider the three subject thought and the four position foundation?

Peace Starts With Me Series(2 presentations)

The era of the only begotten Daughter needs a new expression of truth centering on heart and hyojeong. If our leaders have accepted True Mother as the only begotten Daughter, the education content for this era would be based entirely on True Mother's words. Two presentations were created to provide an introduction to the heart of Heavenly Parent and True Parents centering on True Mother's Memoir and her speeches together with True Father's word. Since these words of our True Parents come from their heart, just reading their words would convey the heart of Heavenly Parent. Small group study should be based on the words of True Parents emphasizing the importance of Hoon Dok Hae(Gather, Read and Study), devotion and prayer at the Cheon Shim Won.
