

WFWP UK - Knitted Love for Palliative Care Team at East Surrey Hospital

Tina Coombs
May 29, 2020

When a nurse of the Palliative Care Team at East Surrey Hospital publicized a request for knitted or crochet hearts to give to their patients and families who, due to the COVID-19 restrictions, were not allowed to have their loved ones with them when reaching the end of their earthly life, they received an overwhelming response of love.... and knitted hearts!

Among those wonderful volunteers was Mrs. Pat Rowell, a loyal WFWP supporter, who got right on with the task and knitted 34 pairs of hearts; one for the patient and one for their family, kindling their hearts with love and their faces with joy.

Thank you Pat and all the volunteers for having given your time to spread love and joy to those who needed it most.
