Dear Friends,

This is an appeal from our WFWP Vice President in South America Rosie, who says that they are in a desperate situation.

“We are going through a devastating situation throughout Rio Grande do Sul.

The Porto Alegre headquarters and also the homes of some AMPM (WFWP) families were completely flooded. Everyone is safe and well at the moment and we are grateful as many people are in a much worse situation.

We received contact from people interested in helping. The amounts will be used in full, after the waters recede, to recover the assets of the headquarters and the homes of the

affected AMPM (WFWP) families."
