## TESTIMONIALS

The Young Women's Speech Contest is a fantastic program for young women to share their message on a public platform

The young women's speech contest is a fantastic program for young women to share their message on a public platform. This program encouraged public speaking and self-ownership in my own personal journey. I wish for all young women who feel that spark or drive within themselves, no matter how insignificant, to take that first step and rely on themselves; it's always a personal achievement to complete this program and embark on such a journey.
