Dear Women's Federation Friend

The Women's Federation for World Peace, International (WFWPI) is an NGO working in over 120 nations to empower women and girls as peacebuilders and leaders through education, advocacy, partnership, reconciliation and humanitarian service- with an active presence at major UN Offices.

We are committed to advancing women's role in the 21st-century and engaging leadership that is principled, creative and effective in addressing challenges of our globalised community.

Annual women's leadership conferences have been held in prominent venues throughout Europe since 2001. These important events have given women leaders and young developing leaders the opportunity to share knowledge, tools and resources and strengthen solidarity.

---

The forthcoming meeting is scheduled to be held in Warsaw from November 8-10. The city's motto, "Ever invincible", reflects the resilience of its people who are committed to upholding values such as honesty, dignity, and strong family values. Poland, a country with a rich history and culture shaped by various influences, warmly invites all to "Fall in love with Warsaw."

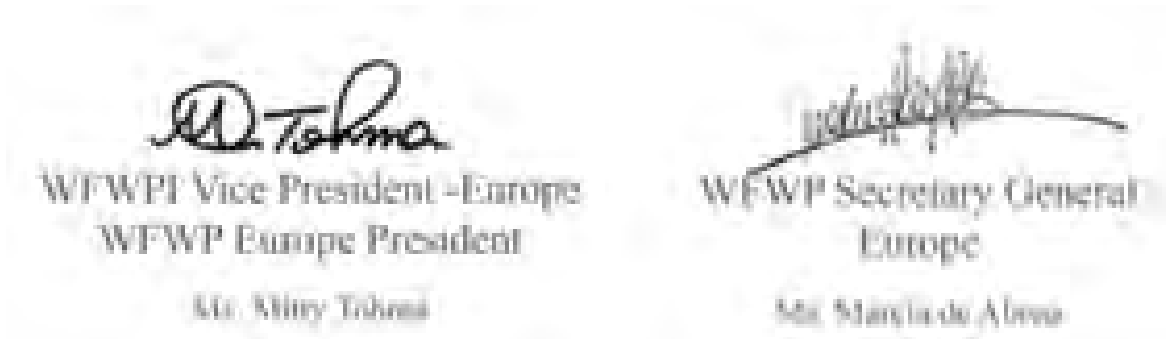

In recent years, Poland has made significant progress in promoting women's rights and empowerment, both economically and politically. Leaders from across Europe will convene at this event to share and listen to ideas under the theme of "Women Leading the Change: Towards Peacebuilding, Justice, and Social Transformation."

We cordially invite you to participate with your knowledge, talents and experience in this important conference.

Participation information, program and registration details are posted on our WFWP-Europe website [www.wfwp-europe.org/poland-wfwp-annual-conference](http://www.wfwp-europe.org/poland-wfwp-annual-conference) and WFWP-Europe Facebook page.

Please let us know if you have any questions or concerns.

Warm regards,

"At Women's Federation for World Peace we believe partnership with your organization/company would be mutually beneficial.

WFWP projects and events are carried out to bring positive outcomes to society. With this in mind, WFWP seeks partners, individuals, organizations, and businesses that can assist in running a mutually agreed project to ensure its success. Working together can make a huge difference! In return, we are confident that our partnership will help increase your organization's/company's exposure throughout our international networks. We look forward to discussing this opportunity further with you and hope to forge a long and successful partnership together. Thank you for your time and consideration."

## TESTIMONIALS

The Young Women's Speech Contest is a fantastic program for young women to share their message on a public platform.

This program encouraged public speaking and self-ownership in my own personal journey. I wish for all young women who feel that spark or drive within themselves, no matter how insignificant, to take that first step and rely on themselves; it's always a personal achievement to complete this program and embark on such a journey.
