Join Us in Our Mission to Support Newborns in Gaza

Dear friends and colleagues,

We hope this message finds you well. We are reaching out to share an urgent initiative from WFWP UK that requires your support. As the situation in Gaza remains critical, we are launching a fundraising campaign to raise £7,000 for a baby incubator that will provide essential medical support to newborns in desperate need.

Phase One: A Life-Saving Investment

So far, we have raised £2,000, and our goal is to raise an additional £5,000 to purchase one incubator. We will set aside these funds and wait until the conflict in Gaza has subsided, ensuring that our efforts can be fully utilized when the time is right. This incubator will be a beacon of hope, offering warmth and protection to fragile babies who deserve a fighting chance at life.

Looking Ahead: A Long-Term Commitment

This is just the beginning. We envision a continued program to raise funds for additional medical equipment and resources to support even more babies in need. Your generosity can help us expand our efforts and make a lasting impact on the lives of countless infants and their families.
