

WFP Russia's Intercultural Program celebrating Mother's Day in Russia

Olga Vakulinsky
December 4, 2025

It is usually celebrated on the last Sunday of November.

We could organize a beautiful WFP Intercultural Mother's Day Celebration.

People and families of many different nationalities could join the program representing cultures of Russia, Armenia, Azerbaijan, Tadzhikistan, Kazakhstan, Moldova, Buryatia, Brazil and Mari El Republic.

Many men-singers came to congratulate mothers and grandmothers.

All of them sang very touching songs dedicated to mothers.

We could also introduce our Mother of Peace and share about her achievements.

And of course, we talked about strong family values and world peace.

All participants were very moved and grateful and shared about this event in their social media.
