

## UN WFWP EUME Central: Charity for effected Druse and Christian People in Syria

Mitty Tohma  
December 6, 2025

The Druse community from various parts of Austria came together, first to organize themselves in founding an legal organisation,. But also they presented their culture and food for us- Ausrians - to understand a little more their cultural history.

95 persons came together and filled the room! They gave a lecture about the origin of their culture. Later they shared about the catastrophic treatment their fellowmen/ women in Swaeda, Syria, had to undergo.
