European Parents Matching Convocation – additional information:

The purpose of the convocation is to support parents in the task of matching their children. True Parents have passed this responsibility on to parents of blessed families, and as the era of Cheon Il Guk matching (True Parents Matching) has now passed, it is our task as parents to take on this precious work.

The Convocation will provide education and guidance on issues relating to the matching and Blessing. There will be time set aside to meet and share with other parents.

Display of Candidates’ Profiles

At the convocation, there will be an opportunity to display photographs and information about your child if he/she is a matching candidate, and to see the pictures and personal details about other matching candidates from all over Europe, and even from other parts of the world. This may directly help the process of finding a suitable partner for your child.

Matching Supporters

Matching Supporters from EUME (and all other regions in the world) are welcome to submit profiles of candidates that they are working with and who are interested in finding a possible partner from the EUME region.

We will only display profiles of candidates who have explicitly expressed their wish to have them displayed. Otherwise profiles will not be displayed by us.

Please note that it is possible to display the profile of your child even though you do not attend the Convocation in person.

For further questions feel free to contact us.

We wish you God’s guidance and blessing in the matching process and hope that opportunities such as this, together with other tools we are making effort to provide, will help you in this important area of parents’ responsibility.

Yours sincerely,

Marea Toresen
