

EUME Blessed Family Department: Family Program for Albania Families

Marea Toresen
July 19, 2026

On July 18 - 19, 2026, at the Mullet Training Center, Albania, the EUME Blessed Family Department hosted an inspiring Family Program, offering participants a meaningful opportunity to pause, reflect, and grow together in a warm and supportive environment. Designed to nurture both individual spiritual journeys and collective family bonds, the weekend brought couples and families together to deepen their shared faith and fellowship.

Key Highlights and Program Activities

Fulfilling the Three Blessings

Throughout the weekend, families explored practical and spiritual paths toward fulfilling the Three Blessings. Dedicated sessions encouraged participants to take intentional time for personal reflection, focusing on character development and nurturing their inner spiritual nature.

Strengthening Relationships and Community

Couples were given special time and space to reflect on and strengthen their marital relationships. Alongside couples-focused activities, the broader community reconnected through shared time in nature, spiritual reflection, collective prayer, and heartfelt fellowship.

Special Guest Feature: "Angel's Dream" Band

A major highlight of the program was the participation of the Bulgarian musical ensemble "Angel's Dream", a group of talented musicians from a Spiritual Christian community in Bulgaria.

Peace Embassy Visit: Prior to the program, the band visited the Peace Embassy in Tirana, where they were introduced to a summary of the Divine Principle.

Workshop Integration: The band actively joined several workshop sessions throughout the weekend, sharing in the spiritual journey of the participants.

Musical Performance: They presented a magnificent 1-hour musical performance that deeply inspired, touched, and uplifted everyone present.

Sunday Service: Experiencing Cheon Il Guk

The culmination of the program took place during the Sunday service, which served as the ultimate peak of the weekend. As more families arrived with children of all ages, the room filled with vibrant, intergenerational energy.

Together, participants were able to deeply feel and taste the tangible reality of Cheon Il Guk - living as "One Family in Heart."
