The Potluck Lunch organised by the Women's Federation for World Peace (WFWP) Ireland was a successful community-building event aimed at fostering connections among women and promoting collaboration in addressing social challenges in Ireland. Held on Friday, 5th September 2025, at Unity House in Dublin, the gathering welcomed women to share not only a meal but also ideas and experiences.

The primary objective of the event was to create a welcoming space for women to get to know one another better and brainstorm ways to promote peace and well-being both locally and globally. Participants brought dishes that represented their cultures or personal preferences, adding a unique flavour to the gathering and celebrating diversity.

As new women expressed interest in partnering with WFWP Ireland, the potluck served as an opportunity to strengthen relationships and inspire collective action. Recognising the pressing challenges faced in Ireland, attendees collaborated towards meaningful initiatives that could affect positive change in their communities. Overall, this gathering highlighted the importance of collaboration and shared purpose among women dedicated to promoting peace and social responsibility.
