The community of FFWPU had a special 1-Day seminar held on March 25th on the theme of God's Providence after the declaration of Foundation Day. Mr. Giuseppe Cali from Italy came as the lecturer. The hotel Jollas89 by the Sea in Helsinki, during the hotel's off-season, proved to be a very nice location for the workshop.

It was a chilly day, with nice Sunlight. Thirty people came to participate in the seminar. The contents of the lectures were very profound. Mr. Cali did not present providential appearances and concepts only but rather delved deeply into the meaning of God's providence and how it relates to our own internal attitude and inner thoughts according to the providential time right now centering on God and True Parents linking with common thread "Vision-Hope-Love-Unity" as well as linking with the meaning of the Special grace and how to move on as new myself, liberated from the past doubts, shortcomings of mistakes.

Therefore, the workshop turned out to be very meaningful for the participants.

After the seminar, Mr. Cali had a meeting with ten youths to share and enjoy the table of local pizzas. On the next day, the community continued to receive Mr. Cali's message at the Sunday service.

It was a wonderful opportunity for us to reflect on ourselves and to seek a connection with God's and TPs' hearts.
