WFWP Portugal held on Friday, March 29, 2024 in partnership with IAYSP Portugal, a Lusophone Young Webinar, with the theme: "Integrity and Contribution of Young People in the Family and in Society," to Celebrate the International Women's Day.

The Event featured young Speakers from Angola, Brazil, Guinea Bissau, Mozambique,

Portugal and Sao Tome and Principe, a mix of male and females, responding to the Principle of Gender Complementarity, defended by our Organization (although, here we had a female majority).

Diversity was also given to the ages, between 18 - 38 years old, as well as internal and external young people, with interesting interventions, on the topic, which added value and created respectful brotherhood and friendship between Africa, Latin America, and Europe.

The Contribution of the 3 Continents brought participation of approximately 100 participants, including VIPs and the general public.

It was a very positive experience, which left the young people to want repeating it and surpassed our expectations.
