

## Cote d'Ivoire Hyojeong Young Missionaries' 21-Day Seminar at Education Center

Richard Beugre  
August 25, 2019

We organized a 21-day seminar from August 5 to 25, 2019 at the Yopougon Education Center to prepare the 3rd class of Hyojeong Young Missionaries. We had 42 participants.

The first week of the seminar focused on the presentation of the Divine Principle. This has allowed participants to understand more about True Parents' vision.

The second week focused on guidance and tradition. The young people realized the importance of embodying the tradition of True Parents in order to better transmit it on the ground.

The third week was field practice. The young people went to testify and give the introduction of the Divine Principle themselves. Through fundraising activities they learned how to mobilize funds and support themselves.

Many kind of cultural activities were conducted during the 21-day seminar.

At the end of the seminar the young people all took the resolution following the formation, to serve the Heavenly Parent and the True Parents and to become children of filial piety through the missions that will be entrusted to them. They are committed to keeping lineage to blessing and to transmitting Celestial tradition from generation to generation.
