

Association of British Clergy: Mission of Dominion Faith Chapel International

June Darby
February 10, 2018

The Association of British Clergy meeting on Friday evening had Pastor Collins Okoloise talk about the mission of the Dominion Faith Chapel International. The event was hosted by Jennie Thompson who excelled as MC, Anne Kobayashi kindly supplied the refreshments and Oksana Torok cheerfully helped our preparations. Obedience to Jesus' great Commission is expressed by loving all the world unconditionally with humility and service, and they shared the joy of inviting all to become adopted. June Darby spoke about Why Good People Suffer.

A heavenly presence raised the atmosphere and awareness. We were struck by True Mother's statement that True Parents had forgiven Christianity and USA. That means that grace has been restored to Christianity, despite their failure to recognise True Parents, and that there is hope for them! But for that hope to be substantiated they need to connect to True Parents' Providence. And what a vision we have – to enable all people to become not just adopted sons and daughters, but to be reborn into God's lineage and become His true sons and daughters, and a part of God's realm!

It was an evening of both challenge and inspiration.
