We held our ABC seminar on October 12, 2019 in Lancaster Gate, London. It was a damp, gloomy day when we met for our last ABC Seminar, "Insights into the Old Testament". But the Holy Spirit lit up our hearts and spirits with Holy Fire, it was truly an electric event! We prayed more strongly than in the past before the Seminar began, ending with a Unison prayer of Repentance for ourselves and the Nation.

Rev David Hanna gave an excellent talk tracing how the Foundation of Faith and the Foundation of Substance was laid for the Messiah to come, beginning with Adam's family all the way up to Jesus.

Rev Isaac Ayani gave a spirited talk on the Prophecies for the Messiah – predicting both Suffering and Glory. He ended with such a deep, tearful and heartfelt prayer, then urged the pastors on the importance of studying the Divine Principle prayerfully.
