By FFWPU East Africa, Lusaka, Zambia October 20-21, 2015: we held a 2-day special Workshop on Heavenly Tribal Messiahship from October 20th to 21st, 2015 at Baralastone Training Centre, Lusaka in Zambia. Here are some reflection:

FFWPU South Africa, President: The teaching made it clear how go forward by changing the nation and saving the family. I regret. I could not understand True Parents teaching better and how to find a way forward. I was stuck in my old ways, now I have found the way forward, through this workshop. I hope and pray that I can find quickly families to embrace and give the blessing, not only in Zambia, but everywhere. It has to begin somewhere, but it will spread. I need to proclaim True Parents to the families through Heavenly Tribal Messiah activities. National leader of Zambia

The workshop was an eye opener for me. Truly, I could understand how to accomplish my tribal Messiah mission, through the 8 stages from servant of servants to God's level. I need to find means to hold interfaith blessing festivals. I will be as a leader at the fore front to carry out my tribal messiah mission. Moreover, I understand that my marriage is of no use if I don't extend it to my tribe and nation. National Leader of Malawi

Thanks to Heavenly Parent and True Parents for this rare opportunity to attend this special workshop. Dr. Yong and Rev. Julius came to share with us on how to bring victory in tribal messiahship. The lectures were enlightening, informative and deeply spiritual.

The conditions of Hoon Dok Hae and motivation of devotion that the Philippines members have maintained over a period of time have made an impression on me. What Dr. Yong shared about the way to fulfill the tribal mission through 8 stages of restoration made lot of sense to me. His explanation based on True Father's words made doing tribal messiah activities a very easy concept that is easily achievable. I truly believe that we restore a Cheon Il Guk nation before 2020 if we can unite. There is no time and space to go into details of the workshop contents, but I am sure one thing the workshop was really amazing.

Jacqueline Mufasa: I am thankful to Heavenly Parent and True Parents, to Dr. Yong and Rev. Julius for giving me insight about my responsibility as a tribal messiah. Truly the content of the workshop has helped me understand clearly what I have to do to inspire Heavenly Parent. I have been renewed in spirit; I can now fully understand my responsibility; I have made a greater determination to fulfill my tribal messiah mission. There is no excuse I must accomplish my mission, no matter what. I am determined to march forward and fulfill my mission as heavenly tribal messiah in order to liberate the heart of Heavenly Parent and True Parents.

Erick Mutewa: Deep down in my heart, I express gratitude to God and True Parents for sending the Asian leaders to this nation of Zambia. They came to teach us how to restore the nation which is the key to realizing Cheon IL Guk. My hope is with determination and unity we can victory. Challenges may come on the way, but if have faith we will overcome the challenges.

I believe this nation can be restored by 2020. I also believe that the providence of reaching to 430 couples

can solve all the problems the world has been experiencing, such as racism, nationalism, tribalism and fallen nature. If we put love at the center the entire East Africa Region can be restored within the period of 4 to 5 years.

Eunice Sanfo: Become a Tribal Messiah is the solution to everything. I have had so many questions which I could not find the answers. I kept on wondering why so much suffering or challenges in my life? Now I understand. It is because of failure to understand True Parents teachings and words. From now on, I am committed to liberate the heart of heavenly and True Parents by doing tribal messiah activities. I want my happiness, but Heavenly Parent and True Parents are not completely happy until all their children are restored. I beg Heaven's forgiveness. I was ignorant, but now I can see clearly. From now on, I will sincerely participate in the work of making Zambia a Cheon Il Guk nation. I am truly grateful for this.

Joshua Ndhsoyo: As member of the Family Federation for the 11 years, I would like to express my heart felt gratitude to my True Mother. The reason for this deep gratitude to my True Mother is the fact that she sent Dr. Yong and Rev. Julius to teach me how to fulfill my mission as a tribal messiah.

Odette Kunda: Even I did not have enough money for transportation to go to the workshop, I had a strong desire to attend. Because I feel so overwhelmed and judged at the same time, but I am encouraged and awakened to do more for Heavenly Parent and True Parents. For many years, I have been wondering about how can I work for the providence again. I have been also wondering about how to solve the enormous problems and difficulties that I have been facing in life. I have tried everything within the human efforts and power. I have fasted, prayed, tithed, liberated ancestors and son on, but nothing worked. But now, through this workshop, I have come to realize that all these problems can be overcome through tribal messiah activities.
