

Invitation to 2017 National Ocean Challenge Program - Emerald Isle this summer

Naria Garrder

April 5, 2017

Dear Families and Friends,

The 2017 National Ocean Challenge Program is open for registration, and space will be limited for this world class experience. Whether you choose to come as a first timer, or to continue your training as a boat captain or leader in the Ocean Providence, NOCP Kodiak, Alaska affords an experience like no other.

Take a look carefully throughout the website to understand program changes as well as videos and photos from past years. Then, be sure and share with anyone who you think might benefit or wish to know about this extraordinary opportunity. This year's program is nearly 100% 2nd generation created and operated with many experienced 1st generation on hand to support in key roles.

Make your 2017 summer special; sign up now, get your plane tickets and get to the Emerald Isle of Kodiak, Alaska to inherit True Parent's "Alaska Spirit".

If you have questions of any kind, simply contact members of the staff as show on the website.
