August 24 and 30, 2025

German and Ukrainian members of WFWP came together to celebrate the Ukraine day of Independence.

This event was a good example of partnership for the women of both countries, especially the women of Ukraine who have made a home in Germany and are actively involved in their communities. It was also a day of celebration and contributed to the well-being of the participants.

On the 1st anniversary of the Creative Treffen (creative meeting), a master-class was held where children and adults were taught to decorate a jewelry box using the decoupage technique. The participants enjoyed a friendly atmosphere with tea and cake.

This event reflected the values of education, good health and well-being.
