

WFWP Las Vegas Chapter Media Exciting Training: Living By the Logic of Love

Sera Hirano
April 6, 2019

Dear Friends, Members and Sisters of WFWP-LV,

It is our great pleasure to invite you on Saturday, April 20, 2019 to an exciting media training event we will be hosting with Ann DeVere. Our Chapter Member, Elizabeth Estrada, has introduced her to us with the deepest heart for our message and our continued development. Ann DeVere is offering this exceptional training free to all our members. Please visit her website by this link to learn more about the incredible system she has built. <https://lightscamerainterview.com>

In the current climate of personal engagement for women leaders, it is necessary to master the skill of utilizing media for the dissemination of our meaningful messages for world peace. It is important now, more than ever, for WFWP members to step into the limelight and deliver messages in a powerful way.

This experiential Media Training workshop is hosted by WFWP-LV and Elizabeth Estrada and presented by Ann DeVere. I think it's a great start towards developing the expertise and skills needed for us to share our own amazing unique, individual messages for the purpose of not only supporting and promoting our gifts but especially the international platform of sustainable peace the Women's Federation for World Peace offers.

We will learn how to:

- Develop and share our messages in TEDx style
- Overcome hesitation we may have about getting on camera.
- Interact with the camera so we connect with the audience on a much deeper level.
- Create messages for Social Media interaction

Lunch will be "Pot-Luck" style, so be sure to bring a tasty dish!

The location will be the Las Vegas Family Center at 7966 Haven St. LV, NV 89123

It is a one-day intensive training beginning at 9:00 am, ending at 6:00 pm. (But don't worry there will be coffee breaks, as well!)

Please consider this opportunity as you reflect on the work Women's Federation has done worldwide over many years and how we are working hard now, together, to transform Las Vegas from a "Sin City" to a "Shining City" of hope.

Sincerely yours in "Living by the Logic of Love",

WFWP Las Vegas Team
