Had great food, great coffee, and great conversation today with Rev Doo.

Shared a lot together - Talked very specifically about Mother's Role, Mother's Position, Mother's Heart, and Mother's Pain. The question becomes: HOW MUCH DO WE KNOW OUR MOTHER?

When one gets right down to it, it doesn't matter what we think, what matters is that we unite with what is right.

What's right?

It is a universal law that life begins in the womb.

We never meet our Father until we have been born through our Mother.

Even after our birth the one person that we never stop loving is our Mother.

This is what's right!

Honestly, this is what's right!

Once we open and share our heart.

Each other could get a lot of spiritual food to think about.
