March 21, 2024

The Heavenly Asia Pacific leadership convened on March 21, 2024, for the Ceremony to Inherit the Special Death Valley Holy Salt, divided into two parts. President Masaichi Hori led an offline session at 9:00 AM, multiplying the Special Holy Salt bestowed by True Mother. True Mother's visit to Death Valley on January 13, 2024, marked the creation of this sacred salt, with prayers for its recipients to become the "salt of the earth" and aid humanity.

We had 43 onsite participants and 33 online participants. The Bequeathal Ceremony began with Rev. Julius Malicdem's Opening Declaration, followed by the Cheon II Guk Anthem and traditional kyeongbae. Rev. Masaichi Hori offered a Report Prayer, invoking blessings for the proceedings. A video presentation highlighted the ceremony's significance, followed by President Hori's message on the salt's providential importance, his recent activities, and upcoming blessings for Christian leaders.

True Mother's Benediction Prayer, delivered via video, sanctified the event, emphasizing the hope for righteous individuals to emerge globally. President Hori symbolically bequeathed the holy salt to Asia Pacific Sub-Regional Directors and National Leaders, with arrangements made for those not present to receive it.

The ceremony concluded with Eog Mansei Cheers led by Rev. Kamol Thananophavarn, Thailand's National Leader, expressing unity and hope. A Declaration marked the ceremony's end, followed by a group photo capturing the day's collective spirit. True Mother's love and guidance resonated throughout, inspiring renewed faith and commitment within the Heavenly Asia Pacific community as they inherited the Special Holy Salt from Death Valley, ensuring a legacy of devotion and spiritual endurance.
