

FFWPU Asia Pacific Youth: 2025 Cheon Il Guk Youth Assembly - 5,000 Strong

Ronnie Sodusta
February 16, 2025

The 2025 Cheon Il Guk Youth Assembly, held on February 16, 2025, brought together over 5,000 participants, including 2,124 in-person attendees from 40 group watch parties across 21 nations in the Asia Pacific, along with 3,623 online participants via Zoom, YouTube, and Facebook Live. Organized by the FFWPU Youth Department of Asia Pacific, the assembly served as a condition to empower young people for a victorious entrance into Cheon Won Gung Cheonil Sanctum in April 2025. Guided by the principles of Faith, Unity, and Tradition as emphasized by True Mother, the event featured uplifting musical performances, heartfelt testimonies, and inspiring messages from key leaders, reinforcing the youth's commitment to their faith and mission.

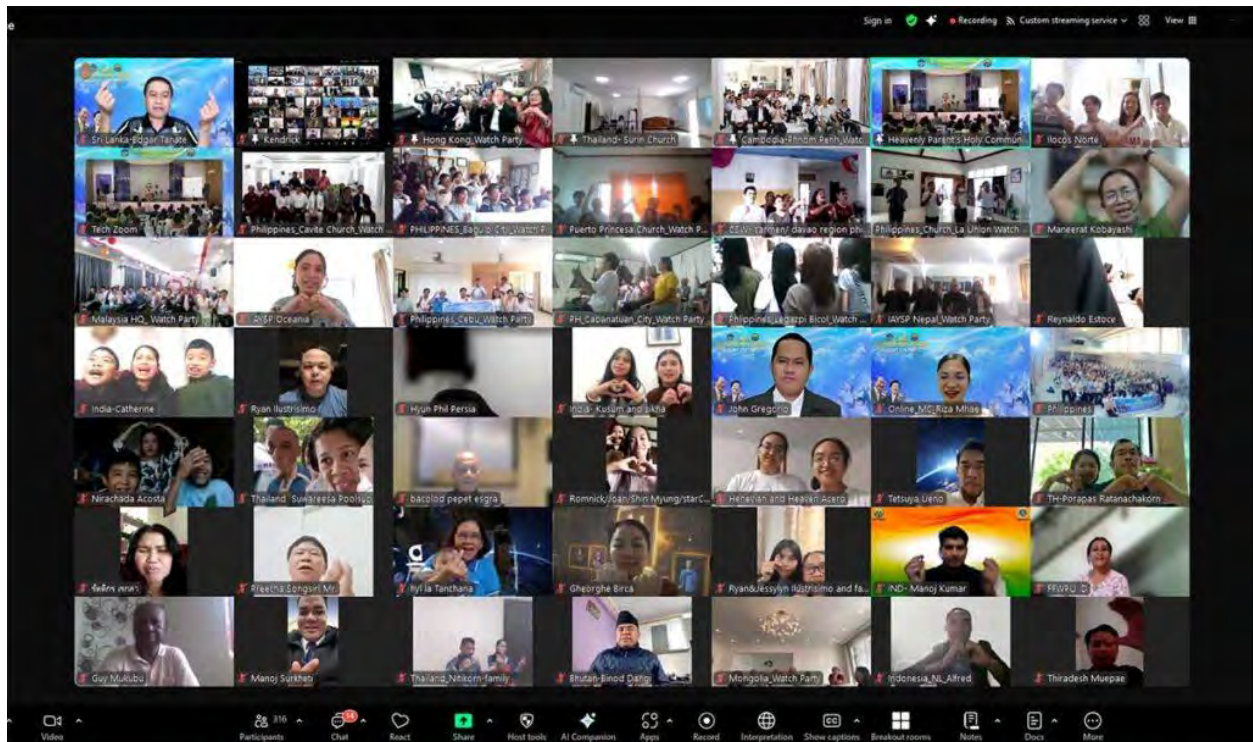

Rev. Ronnie Sodusta, Director of the FFWPU Asia Pacific Youth Department, called on the youth to uphold their values and establish a new tradition in preparation for the providential era of Cheon Won Gung.

Dr. Robert Kittel, Cheon Eui Won Chair of Heavenly Asia Pacific, underscored the importance of understanding historical providence and True Mother's central role, urging young people to build a strong family foundation as the key to restoration.

Regional President Masaichi Hori inspired participants to become "Hyo Jeong Rang" (warriors of filial heart), encouraging them to deepen their spiritual commitment and take ownership of their divine mission.

The assembly culminated in the Resolution Ceremony, where young participants pledged to become Pure Water Youth for True Mother, dedicating themselves to faith, national restoration, and the establishment of Cheon Il Guk. Seven representative youth leaders led the solemn pledges before Dr. Robert and Mrs.

Theresia Kittel, symbolizing the youth's collective commitment to True Parents. The hall resounded with shouts of "Kiyorehanda," marking their determination, and the program concluded with four cheers of Eog Mansei and the Pure Water Dance - an expression of their renewed devotion to purity and the providence.

Reflections

Ms. Dalinn Chea, YSP Cambodia Member

I wanted to take a moment to share my reflections on the recent 2025 Cheon Il Guk Youth Assembly - Heavenly Asia Pacific, which I had the pleasure of attending for the first time today.

From the moment I arrived, I was enveloped in an atmosphere of unity and enthusiasm. The assembly brought together young individuals from across the Asia Pacific region, all eager to connect and contribute to a shared vision. The event's theme, "Let's unite with True Mother, grow like Pure Water, and strengthen our hearts as one," resonated deeply with me. It emphasized the importance of purity, unity, and collective growth, values that are essential for our generation.

The sessions were both enlightening and motivating. Speakers shared insights into the pivotal role of youth in shaping a Heavenly Unified World. Their words ignited a passion within me to take on more active roles in my community and to work toward the betterment of society.

The hospitality extended by the organizers, particularly the delicious lunch provided by the church members, added a personal touch to the day. It offered an opportunity to connect with fellow participants, share experiences, and build lasting friendships.
