The young generation at Baltic Summer Camp

Baltic Summer Camp 2025 was held in Lithuania from July 20-25 with the theme 'Pure Water Festival.'

This camp brought together second-generation members from Lithuania, Latvia, Estonia, Ukraine, and Russia who united their will under the slogan 'Taking Root and Bearing Fruit.'

This camp, with participants ranging from Hyodeong youth to Seonghwa aged blessed children,, became true hope for the Baltic region as they found the roots of faith in nature and bore fruit as Pure Water.
