Children from the Baltic States, Ukraine, Belarus and the United Kingdom at the Pure Water Summer Camp in Lithuania

The Pure Water Summer Camp held at Algirdas Farmstead in Lithuania from July 6 to 12 (HC 5.22–28) brought together participants from Estonia, Latvia and Lithuania - the three Baltic states - as well as Ukraine, Belarus and the United Kingdom.

Through a variety of activities and faith-based programs, participants learned about one another's cultures and shared from the heart.

Some had been forced to leave their homes and faced other hardships in recent years, but during the camp, they formed bonds that reached across national borders, experienced the value of true love and grew together as the Pure Waters for whom Heavenly Parent has longed.
