On Sunday, April 19, 2026, within the Heavenly Parent Holy Community in Ecuador - and through the grace and blessing of our True Parents - we held the inauguration of the "PINTO KURITA" CHEONBO HOME CHURCH. With total devotion, the Pinto Kurita family has dedicated themselves to sharing the Word of the Divine Principle with their neighbors in the town of Yaruquí, located east of Quito, the capital of Ecuador.

The Pinto Kurita family inspires the families of their community through their daily lives and the care they show their neighbors, encouraging others to cultivate spiritual growth while keeping Heavenly Parent and True Parents at the center of their daily lives.

Around 24 people participated in the inauguration, including the National President of FFWPU-Ecuador, David Pereyra, and his wife, as well as neighbors and relatives who are acquainted with True Parents and are currently studying the Divine Principle.

From Ecuador, the Middle of the World, we wish to send all our devotion to our True Mother by fulfilling our mission as Heavenly Tribal Messiahs.
