

Morning Garden needs a little love and we hope you can help!

Catherine Ono
May 25, 2021

Morning Garden is preparing to welcome guests and camps this summer. But we have one small problem - the plumbing on the 4th floor!

We are looking to raise \$5,000 to ensure guests have the best experience.

Morning Garden is a very special place. It is the birthplace of Ocean Church - founded October 1, 1980. Father personally chose the property and spent so much time there. It holds a special place in True Parents' hearts. Please help us care for this beautiful home and keep its history alive for the next generation.

A donation of any amount will help us make needed repairs. Please donate and share the love!
