

# National Meeting in Slovakia

Dunajska Luzna, Slovakia, October 7 - 8, 2017

By Miroslav Rybar

**O**n the weekend 7th - 8th of October 2017 we held an annual national meeting of Slovak members in our workshop centre in Dunajska Luzna near Bratislava. We

met on Saturday and listened to latest news and reports from Slovakia and abroad, especially from Korea. We shared our hearts as brothers and sisters. In the evening we enjoyed a theatre play of our second-generation children on a deep topic of values. Already on Saturday we received a visit of our regional leader

Dieter Schmidt with his wife Ana. He gave us an inspiring Sunday Service speech and afterwards we held a questions and answers session which together with other opportunities of sharing with them gave us a lot of inspiration!
