Reflections

Yem Bahadur Shahi: Thank you so much for giving me a golden chance to share my feelings and experience for this 5-day seminar. Through this seminar about True Parents, I feel Father Moon and

Mother Moon are really great people. They live their life for the sake of peace and human salvation. To me, they are like God in this world. The Divine Principle is the most important principle for all of us, it gives knowledge about peace, development, and True Love. True Love is a powerful weapon to bring Peace to the World. True Love Creates a good family, society, Nation, and world.

There can be no peace in the world without love. Therefore, Father Moon and Mother Moon have been established to the marriage blessing in this world to create peace. We can bring peace to the world only by bringing peace to our family. At the same time, Mother Moon is over 80 years old, and she is working very hard day and night. Therefore, I will continue to join and support the peace movement. Thank you so much. I hope to meet Mother Moon in the future physically. I love Mother Moon.

Mr. Prakash Pariyar: Thank you so much for giving me a chance to share my feelings about the 5-day workshop. I feel that we must work for Peace. I came to know about the principle of Peace, and I must be an ideal person before asking or making others to be. At the same time, I feel I must prioritize public life more than private life. I am truly inspired by the life of Father and Mother Moon who dedicated their life for Peace. I will learn more about this education. Thank you.
