It has been our Annual Charity Concert, whose benefits go to Backpack for Africa, an NGO established by an American-afro 2nd gen, that helps students in Africa by sending them necessary school material.

The concert was organized by WFWP and UPF, and we brought 4 groups of different types of music, such as jazz, Spanish, Persian and a fusion of Oriental with pop.

We prepared also a food market to help fund raising. Everybody enjoyed a lot , and at the end, we offered a toast for peace and family. 30 people could receive it
