

WFWP Spain's Interreligious celebration on the International Day of the Family

Marcia de Abreu
June 2, 2026

We invited four speakers to participate in a roundtable discussion: our national president, Marcia de Abreu; Marta Matarín, Director of Brahma Kumaris Barcelona; Elisabeth Attar Leure, representing the Bahá'í Faith; and María Ángeles Arrabal from the Patronage of the Sanctuary of San José de la Montanya, a Catholic organization that provides shelter and care for homeless children and young people between the ages of three and eighteen.

Each speaker reflected on the importance of family, sharing moving personal stories and insights from their respective backgrounds and traditions. Their contributions highlighted the universal values of love, support, and belonging that family can provide.
