On October 26, the blessed family of Víctor Ika and Rozimeire Arruda, from Easter Island, with the aim of establishing a foundation of a heavenly village, continue to give the tribal blessing to the ambassador for peace and peace associates of their community.

This family Pastors of their community over the years have been building an increasingly solid foundation to the point that today everyone recognizes their witness activities through the Divine Principle and events of the Women's Federation, which has brought together women leaders who have received the recognition of ambassadors for Peace.

The Ika family develops OIKOS activities through its cultural events, incorporating the horizontal blessing as part of the cultural program that they carry out every week. Whether it is native people or tourists from all over the world who visit their events, they receive the holy wine and blessing from True Parents.

For this month of November, the Government, the Municipality and the police will be collaborating in the realization of a great Peace Road for the entire island community, at which time the goal of the True Parents will be presented through the Peace Road.

Victor and his wife have the goal of restoring the entire community, which is made up of approximately 7,000 people.
