

## One-Day Divine Principle Workshop in Ronda, Barcelona, Spain

Artur Beshaj  
September 1, 2018

Ten guests and many of the young people, second generation of our community here in Barcelona Catalonia, attended.

At the end of each of the four lectures, guests would ask questions to clarify the questions they had.

We created a very pleasant atmosphere, which made the participants very happy and made them think to repeat the workshop some other time.

A great Thank You for the support and help of the blessed families of our community and the brothers who came from Madrid.
