

Seattle Family Church Community Letter #4 Report on completion of 1st 40 days

Rosie Dijan Muyongo
September 18, 2020

Dear Seattle's Heavenly Parent's Holy Community, Blessed Central Families,

I hope that you are all well when this letter of mine reach you. I know that it has been sometime since my last community letter and many things had happened since then.

For one thing, I completed my first 40 days as Seattle's Senior Pastor last September 10, 2020. I had a great experience working with our community through Peace Road 2020, the 1st Online Peace Starts with Me Rally, the Rally of Hope and the interactive participation of our community to the True Father's 8th year Seonghwa Anniversary. Also, I had 3 opportunities to deliver Sunday message during the month of August. Each event/occasion made me realize the kind of dedication each of you have to our Heavenly Parents and True Parents and your sincere longing to attend them. I cannot help but be grateful for all your support in the activities we had. Many of you offered their time praying, some offered their time in actual preparation for the events and I believe everyone is continuously giving your tithes and donations as well as special holiday offering. I know that Heaven receives all that we are offering. And I am praying that we all be blessed a thousand fold more so that we can give more. I don't know exactly how each and everyone of you are doing. But my prayer is that our whole community will be well and be good and responsible recipients of Heaven's blessings. In the past 40 days, I was able to speak with only a few of you in person and some others over the phone. Through these representative families I have conversed with, I felt the warm reception from this community. Also, they provided me initial insights on where and how our community is. However, I know I still need to meet and hear from the rest of our community so I intend to continue in reaching out in my second 40 days condition which I began on September 16, 2020.

To give you update on where we are headed to providentially, there are a couple of directions recently shared by Rev. Dr. Ki Hoon Kim from our True Mother

1. That the American membership should reach out to the President of the country and arrange a meeting with True Mother.
2. That we should educate and raise up our ACLC pastors, ministers and other religious leaders so that they can testify about our True Mother, the only begotten daughter of God.

I would like to encourage you to pray about these points and for our Seattle's Heavenly Parent's Holy Community to be creative and find ways to be able to take action in fulfilling our True Mother's directions. In addition, please pray for me your pastor, so that Heaven can work through me and I can effectively lead and guide our community.

Also, please let us invite our family and friends to join Peace Starts with Me online Rally on September 21, 2020 @ 3:00 - 4:30 pm PST and for the 2nd Rally of Hope on September 26, 2020 @ 6:00 - 8:00 pm PST

In case you have not done it yet and you want to offer donation for True Father's 8th year Seonghwa anniversary, donation link is still available at familyfed.org . It will be open until the end of this month.

For other news and announcements, please check the weekly updates which is emailed by Pastor Nelson Mira on Saturday morning.

God bless you all!

Sincerely,

Rosie Dijan Muyongo / Senior Pastor
