Dear Seattle Heavenly Parent's Holy Community, Blessed Families, Brothers and Sisters,

Greetings of Peace and Love from the beautiful city of Woodinville, WA.

Yes, my family's stay in a hotel here in Woodinville has been extended for another 17 days. This has been quite an experience for me and my whole family. I remember the time when I long to go on vacation and be able to stay in hotels. I guess heaven has its unique way of fulfilling my wishes!

Thank you for joining Last Sundays' True Parent's Birthday Celebration at Windermere. It was simple and yet truly joyful and high-spirited. A big thank you to our Sunday Service and event preparation committee and to our sisters who worked together in preparing the offering table and our lunch. Also, thanks to all those who offered their talents to entertain us. To our Youth Pastor Miyuki Granstrom who emceed and coordinated the program and to Elijah Lancey who is always there to provide technical assistance. You are all appreciated.

Our online community meeting on Thursday night was also well attended. And I really appreciate everyone who joined. Those of you who publicly expressed your hearts as well as those of you who were there to listen. I also want to thank those who sent me private messages expressing their support to what our leadership team and steering committee are doing.

For those who were not in the meeting, we offered a 40 days prayer condition which was started on February 2 and will end on March 13, 2023. Everyone is encouraged to join in this prayer condition with the following prayer points:

1. That we can find the right buyer, the would be new owner of Windermere property - the one that can provide us with the best highest offer and can close at the shortest possible time. (Clarification: Praying to close at the shortest possible time does not mean that we are rushing to sell the property. We already know that whatever route we take, whether it is sold as a property as is or as a demolished property for development, selling Windermere will have us go through some lengthy process that will require time. And that time can vary depending on the buyer. Thus, time element should be added as a criteria for a good offer from the right buyer. That is simply what it means).

2. That we as individuals, families and as a community can be empowered to work to overcome any temptation of Satan to separate and divide us. That we will keep our faith in God, in our True Parents and in Jesus and seek their help so that we can keep our proper relationship with one another as members of

our Seattle Heavenly Parent's Holy Community.

We do have upcoming events: February 11 is UPF-AFPAWS Unity Prayer and February 18 is ACLC's Prayer Breakfast with the theme: ACLC Founders' Birthday Celebration Please see the flyer attached and plan to join and support.

February 19 at 1:00 PM, I would like to invite you to another community meeting in person at Ballard Church to discuss how we can make our True Parent's known and loved in Seattle and in Washington State.

This Sunday, February 5, 2023, I will be giving the Sunday Service message. I plan to share True Mother's message last January 27 in Korea and reflect on how we should cast our vision for 2023, the year of the black rabbit. Please join us.

We do have community members that are going through sickness, experiencing pain, financial difficulties, relationship challenges etc. Let us offer our prayer for all of them that healing, comfort, provisions, wisdom and guidance be granted to them according to their needs.

Heavenly blessings!

Sincerely,

Rosie Dijan Muyongo

Seattle Heavenly Parent's Holy Community Pastor
