

## WFWP Bergamo, Italy: Christmas Origami

Giannina Figus  
November 15, 2025

In the afternoon of the 15th November we organized a public event for parents and children in the church oratory of Paladina.

The purpose was to explain how to create Christmas decorations together with our two Japanese origami experts. There was a good response to the invitation and at least thirty people attended.

We had an enjoyable afternoon which ended with a refreshment and an explanation of WFWP. After the event it was suggested to hold more of this kind of activity in other areas of Bergamo.
