

Heavenly Tribal Messiahs in Zaragoza, Spain hold Peace Starts With Me Event

Raimundo Fontinele and Conchita Garcia

January 11, 2020

Our two blessed families living in Zaragoza invited Manuel Campillo from Madrid to give a lecture to some friends and couples who received Holy wine recently. "Peace starts with me, some keys for love and happiness", eight guests came and all together we gathered 16 persons.

We did a prayer condition for our guests and our lecturer Manuel. We prayed with the names of 50 couples, nine were interested, and finally one came, said Conchita.

The lecture was very good and all the guests want to continue this kind of event and guidance. We created a very good atmosphere and love. They were all very happy with the content of the lecture and the atmosphere created.
