

Baltic Teens Attend Workshop in Poland

Elena Kalmatskaya - December 27, 2019 – January 1, 2020

From December 27 to January 1, eight elder second-generation children from Lithuania and Estonia, members of Baltic HARP, participated in an international winter workshop at the Glanow Training Center in Poland.

The seminar was organized and led by elder second-generation children from Poland and Hungary.

Two teens from Lithuania, Andranik Karagezian (who this year attended the STF Europe one-year program) and his brother Artūr Karagezian, were attending as team leaders.

The seminar was held in a very high spiritual atmosphere. Of course, this was greatly facilitated by the deep lectures of William Haines from the United Kingdom, the morning Hoon Dok Hwe conditions and discussion by teams, and inspirational morning services given by the elder children.

The workshop included a very special program called “Understanding Generations,” which consisted of two parts. In the first part, first-generation elders—Poland FFWPU national leaders Christopher and Marta Kral and Lithuania FFWPU national leader Aram Karagezian—described their inner experiences with God and True Parents in their life of faith.

In the second part, the elders answered questions from the children. On the evening of December 31, the day ended with a reflection on the year 2019, goal setting for 2020, and a prayer at the Holy Ground, after which everyone loudly proclaimed to Heaven their resolve and resolution for 2020.

I and the Baltic HARP team sincerely thank the organizers and hosts of the seminar for the wonderful few days spent in an atmosphere filled with true love and blessings.
