

## **Brief report from Ukraine, June 8th, 2022, Ukraine.**

We are deeply grateful to our brothers and sisters in Europe for their constant spiritual and practical support!

As we have some parents of our members, who are in difficult situations, we sent some humanitarian aid to them. Parents of three of our members are staying in Chernihiv City, that was severely bombed. All infrastructure in Chernihiv suffered a lot, so the citizens are very short of necessary supplies. We've sent the parcels with the humanitarian aid to parents, as well as to some guests who used to listen to our lectures before.

Parents of one of our sisters were residents of Severodonetsk, "the dead city", almost completely destroyed by bombings. At the age of 85, they survived a direct bomb hit on their home and were rescued from the rubble by the Ukrainian military and evacuated to western Ukraine. Immediately after that, mother survived the operation and is unable to leave the house. As their daughter lives in Russia because of the Blessing and has no possibility to come to her parents, our community and WFWP-Ukraine took this elderly couple under our care. We visited them, bought necessary medications, food, vacuum cleaner and used TV. WFWP-Ukraine also found some volunteers to regularly visit and take care of the couple.

And there was something inspiring as well. On June 4<sup>th</sup> two of our sisters gave birth to second generation children. One baby boy was born in the morning in Lithuania, where his mother went as a refugee. And a baby girl was born in Vinnitsa. It was for the first time in Ukraine Movement history, that two SG children were born on the same day. And mother's names are Vira and Nadiia, which means Faith and Hope in Ukrainian language. We felt something special through that!

Thank you for all your support and prayers!
