Youth Fishing:

"This Saturday the youth went fishing. I wanted to say a big thank you to Uncle Chris and Dean for taking the second gen fishing on the boat this weekend. Thank you Melanie also for helping to organise the gathering. With everyone's support the second gen had a lot of fun and even caught a fish for us to eat at the True Children's day event yesterday. Aju!

We also wanted to say a big thank you to Uncle Yves and Aunty Jacinta Moreau for supporting us by welcoming the youth to stay at their home.

We are so blessed to have this amazing community. Thank you Heavenly Parent and True Parents Aju!"

-Hiromi Kobayshi

59 members of all generations attended the True Children's Day family event this year. A stomach bug was going around, so we had less children than usual. But that didn't stop all the children of God celebrating the holy day. Rick McInerheney and James Babb played music while members sang. A jumping castle was erected for the kids. The older 2nd had activities for the kids, Rie Kobayashi made balloon animals and toys. Cassie Anania gave the kids face paint and tatoos, and a treasure hunt was held at the end. Thank you to everyone who brought food for the banquet.
