We had a good meeting at the Belgrave church with Rev. Daniel, Chris, Randall, Candace, Debra, and the missionaries. we are going to try new areas like Box Hill that are on the train line. After the meeting, Candace, Debby, and Rev Hanson went back to Belgrave and handed out flyers inviting people to the Family Fun Fridays event on April 24th.

Surprise Guests:

15th April

Pastor Adeniki made a surprise visit, along with young friends from New York who are staying in the Selby area. We greeted each other and hoped we can meet in future.

Chapel Service:

19th April

We attended worship at the Original St Martin's Church for the first time. It is a beautiful little chapel, run by the Historic society. Since it is opposite a park, the children had Sunday school outdoors. After service we went for a picnic lunch in the park. The kids Greg and Candace visited a nearby African church to connect with the Pastor. About a year ago, connections were established with members of that church. During this visit, Elder Hilary—who had previously been in contact by phone—was met in person. He shared that he had been praying for an opportunity to meet and expressed strong interest in the family-centered ministry.

PCLC:

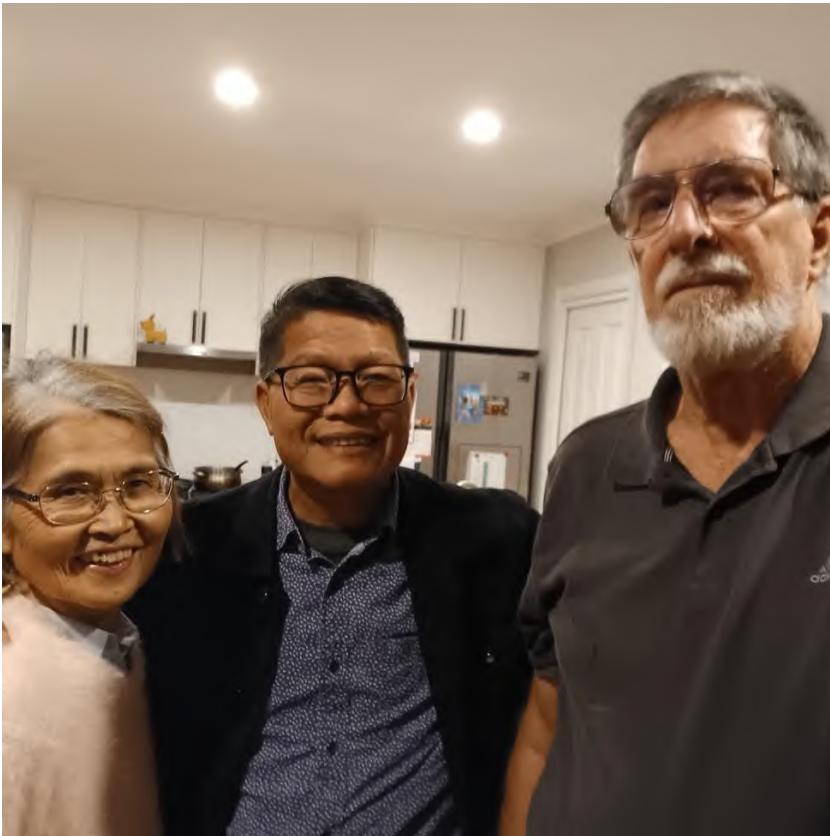

21th April

PCLC Senior Advisor from Melbourne, Archbishop Ambassador Dr. Nelson Pervaz, gave a heartfelt Opening Prayer for the PCLC Keys to the Kingdom Webinar “God Grieved” on 21 April 2026.

Witnessing Activity:

Tsuneko and James Babb invited Pastor Gospel for Dinner. He is a wonderful man who has connected with PCLC in the past. Currently he is taking care of many churches in the rural areas around Neerim South.

Family Friends Fun Day:

24th April

This month, the first Family Friends Fun Day event was held. While no guests attended, 11 members and 3 missionaries participated together. Missionary Kayun delivered a lecture on the theme “Peace Starts with Me,” emphasizing that peace begins with oneself. Following the lecture, participants enjoyed a barbecue together outdoors. This served as a valuable opportunity for preparation, and next month, an even more joyful event is anticipated with the participation of guests.

Autumn Girl's Workshop:

24-26th April

The first Autumn Girls Workshop was held with a total of five participants. The program was facilitated by four missionaries together with Hiromi. On the first day, the participants gathered to prepare sushi for dinner. Afterward, they watched a movie at the pastor's home, and the day concluded in a relaxed and informal setting.

On the second day, various activities were conducted, including an art class, slime making, and T-shirt decorating. The participants engaged actively in all activities. In addition, Missionary Kayun delivered a lecture on the theme “Princess of Heaven.”

Afterward, the participants wrote letters to Heavenly Parent, and time was dedicated to offering devotion and prayers, as well as presenting the letters at Cheonshimwon. This became a meaningful opportunity for the second-generation girls to communicate with Heavenly Parent and deepen their spiritual connection.

All participants took part well throughout the workshop, and the program concluded in a positive and engaging atmosphere.

Pacific Christian Leadership Conference:

26th April

A ‘refreshing and beautiful catch up’ was had with PCLC pastor couple Rev and Mrs Tuisuga on Thursday 16 April at the home of Noriko Jede. It was timed to coincide with the birthday of Rev Tuisuga and was an opportunity for him to meet with the Victoria PCLC coordinator, Rev. Daniel Meadows, prior to the two of them travelling to Korea to attend the WCLC World Religious Leaders’ Conference at the end of April. We came closer in heart through enjoying delicious food together, beautifully prepared by Noriko, and sharing family and life of faith stories.

This Wednesday Candace, Randall, Rev. Hanson, Debby, and four missionaries carried out outreach activities in Box Hill. They conducted a survey on peace and then invited participants to the “Peace Starts With Me” event. In total, they were able to obtain two contacts, and each person had meaningful conversations with kind individuals. Moving forward, they plan to continue outreach activities by distributing flyers at least once a week.
