

YSP Moldova becomes active in the city of Anenii Noi

Cornelia Garanovschi

March 26, 2021

On March 26 in Moldova, in the city Anenii Noi, YSP began its activity.

Their first project was to collect things for a rehabilitation center where children from disadvantaged families are staying.

They gave bags of clothes to the center and they have ideas for this place for the future.

For example, spending time with children, playing, and inspiring them.

There are only five people in YSP but they are making efforts to change the world.

This is a truly inspiring example!
