*True Mother speaking in Vienna, Austria - May 2015*

It's been three weeks since the main event with the True Mother at the Austria Center in Vienna in May 2015. 9 weeks ago, preparatory work began at European level in Seebenstein with Rev. Ahn, Dr. Moon, Dr. Pak and European leaders. The participants were excited that the true mother planned to come to Europe and also to Vienna.

When I learned about the decision that I should drive the True Mother's car, I was overjoyed, but the more I thought about it, the more serious I became. How should I prepare to meet the real mother? Since there were still 41 days until the arrival of the True Mother in Austria, my wife and I decided to jointly make a 40-day condition for the reception of the True Mother in Vienna.

The preparations were very intense, we had to explore every path we took closely, every path the real mother had to go, organize the arrival of the true mother and her companion at the airport. In one day

mastering the car etc.

Then when I met the real mother at the airport, tears immediately shot my eyes and I just thought how can I drive? I had to pull myself together to stay focused and calm at the same time. And everything worked perfectly. It was as if the real father himself was present and aroused a calm and strength that everything just worked out fine. Even a speed bump in the hotel driveway, which I hit too quickly over every exercise ride, I was able to overcome almost unnoticed.

The next morning was already the main event and as the real mother with Sun Jin and Dr. Man Ho Kim entered the car, Sun Jin greeted me with " Good morning " and I replied " Good morning " and then everyone laughed. Sun Jin asked me "are you Hans" and told me that she already met my daughter Klara and my wife at breakfast. I could barely believe it and we drove over the Vienna Reich Bridge in little traffic and bright sunshine and everything looked so beautiful.

Then Sun Jin started teaching me Korean. The first word was harmony chohwa.... and on the way back second word truth CHAM CHIN SCHIL. I said that I will remember these two words forever. On this she said if I drove the real mother more often I would know Korean very soon. Toni and I had to wait outside the Austria Center during the event. I was so overwhelmed by the encounter with the True Mother and also San Chin that I didn't mind standing outside at all. I wasn't hungry at all either

After the official celebrations came the True Mother, San Chin and Dr. Man Ho Kim back in the car and San Chin really jumped in the car for joy and kept calling Victory Mother, Victory and Standing Ovation to the real mother. She was almost impossible to slow down with enthusiasm. The real mother was very quiet but I felt like she was very happy too.

I had more freedom of movement at the hotel and was blessed to be able to enter the space where the solemn establishment of the European Cranes Club took place. It was overwhelming how the True Mother spoke to the second generation brothers and sisters, she just stood by them and spoke 40 minutes longer than at any event. At the end, she sang sarang hae and edelweiss.

This is when I realized that the true mother gave endless love. It was just such a great blessing to have her here.

## Farewell

Tuesday, May 12th at approx. 8 a.m. - The Hilton Hotel has a great atmosphere.

Rev. [Young Shik] An, Peter Staudinger and Erwin Wachna (Security for the True Family) had left the hotel by car towards BRD. Sun Jin Nim and In Sup Pak were already by car with Toni Prischink heading to Schwechat Airport and other Korean VIPs were taken to the airport.

It was only True Mother's closest circle who were there - and very few brothers and sisters. Then the two cars were loaded with luggage for True Mother's departure and were ready for departure. As always, True Mother came out of the hotel via the side, sporty dressed in pink cap and pink sneakers.

Her personal security came to me and asked me if I could lead her to St. Stephen's Church. I said yes but I didn't have a car and I told him that too. He then spoke to Manfred Mayer and a few seconds later there was already a car...
