SUN MYUNG MOON

Collection of True Father's Prayers to be listened to in about a 20-minute section - Collection 38 of 40 – from June 17, 2000 (pg 740) to Jul 5, 2007 (pg 761)

Version II:

Beloved Father, now is the time when the oceanic industry can have a secure foundation. Now that we have accomplished everything, we can reflect deeply upon the past days. Since commencing our ocean business in 1963, we have now come close to claiming the top position in the oceanic business on a worldwide level. As we look back upon the past days, when there were no children to comfort the heart of God, to embrace the sea and to protect the natural items of the sea as their owners in this country, the True Parents came forward and undertook this task, traveling around the five oceans. We have been living until now to see the day when God can string together all the gifts of the grace of blessing, which God wants to give to all people, together with the hope of humankind and of the True

Parents, and offer them as the master of the heaven, earth, and all things. With all this, we have now come to Kodiak.

This is a historic place, where the Unification Church proclaimed the unforgettable Ceremony of Eight Stages and where the proclamation of the Parents of Heaven and Earth, True Parents, and the Doctrine of the Heavenly Parents brought about a great transformation of the world. From this historic origin, we are seeking to bring order to all the chaos and bring together the realm of the oceans and realm of dry land, thereby being acknowledged as the masters of heaven and the sea and finally as the masters of the land, and offering to heaven the sea and the land in a reciprocal relationship as plus and minus. Now with all the contents of the providential proclamations and teachings, we are taking the path back to Korea in four days. Our rallies in Korea for the unification of the South and North Koreas showed our members as a whole to be strong enough even to claim national sovereignty.

Please grant a blessing to our Unification people, who have been single- mindedly struggling and working hard to establish the standard of a country that can be home for the hope of God's heart, stepping over the crying hopes and aspirations of the ruling and opposition parties of the Satanic world and of the rulers of the South and North Koreas.

The national messiahs of the Unification faith have been placed in Korea for four years to connect America, which is the elder son country, with the Northern and Southern Americas, thereby liberating the fatherland and establishing the global realm of reciprocation. The wives and sons and daughters of the national messiahs, on the other hand, have all been newly assigned to missions so as to keep the standard of the national messiah for the world. All such appointments are a strategy

to tear down the final wall in order to accomplish and conclude Your will, which longs for the ideal realm of creation. Through this placement, they are to become one in heart and attain Adam's family without the fall, which can find a home in Your heart in the original Garden of Eden. And through this, as representatives of the family, tribe, nation, country, world and cosmos, they are to connect the foundation of the true love of liberation, meaning the original palaces of love, life, and lineage, to the infinite world.

I will visit Korea with the desire to receive Your permission to usher in the age of the unification of the South and North, in which we can announce a

total settlement of our fatherland, the entire world, and heaven and earth in the realm of the True Parents' heart.

As for the agreement proclaimed by the heads of the South and North, which has now emerged as a focus of the world's attention, we Unification people should strive to make it bear fruit under God's victorious authority, and seriously and truly seeing it as the final pinnacle of our course, we would like to plant God's heart here with all our mind and body. Hence, please grant eternal victory, peace, glory, and honor to the will of the True Parents and the Parents of Heaven and Earth, who are going forward to find the day of the liberation of our fatherland.

From this time, when we have announced the day of the liberation of our fatherland and the day of the liberated Heavenly Kingdom on earth in Korea by means of new greetings, please remove the obstacles in the way of the heaven of the realm of the fourth Adam, demolish all the walls blocking the heavenly world and earthly world, and establish the realm of the liberation of hell, thereby liberating our fatherland, where we can settle down in the center of the earth, and complete the liberated Heavenly Kingdom and the heavenly world. We ardently plead with You for this.

Please accept this time, when we connect all the oceanic businesses of north and south Kodiak, and offer them to You. Please embrace the efforts of Korea, which desires to see the day of being able to connect the ocean and the land.

With the sources of life such as water, air and sunlight, with love of liberation, on the foundation of the family, which represents the whole, where You can find home, and on the foundation of the liberation of our fatherland, which represents the realm of the parents, all countries are trying to establish a respectable sovereign nation in the style of the United Nations by overcoming the sorrow of parents, True Parents, and the Parents of Heaven and Earth's nation where we can express gratitude for liberation. All people should actively support this cause, become a member of a tribe of the Heavenly Kingdom on earth and the Heavenly Kingdom in heaven, and offer, to Your victorious authority of love, the sovereignty, people, and all things that have no shame before the heavenly sovereignty, thereby becoming the model for the whole, for eternity, and building a foundation for attaining the result aimed for. We sincerely pray that You will bless us to achieve this.

From now on, Your hope shall be fulfilled and things will proceed for the liberation of the fatherland. As we march through the United States, Russia, China, Pyongyang, and Korea with conventions,

please take all our steps under Your responsibility and let the hopes of the True Parents be realized through these conventions we organize in the future. Allow them to be monumental events that open the door of the victorious Heavenly Kingdom. We sincerely plead with You for this.

In this age, when earth and heaven can become one, and hell and the Heavenly Kingdom can be one, the conscientious people whose original minds are alive should be united and establish the mainstream of the liberation of our fatherland, establish heavenly blood relationships, and harmonize all things of heaven and earth through the law of the cycle. They should thereby proceed for hundreds of millions of generations into the future world under the rule of love, which perfects freedom and liberation and the ideal of the Heavenly Kingdom on earth. We sincerely plead with You for this.

This morning, as we notify You of this, Father, at the point that commands the attention of the True Parents, Parents of Heaven and Earth, and all the created world, we earnestly hope that Your will triumphs to reveal the dignity and glory of heaven, and earnestly ask You to allow us to establish the sovereignty of love of the liberated Heavenly Kingdom in heaven.

I inform You, Father, of all this. I notify You that I have appointed the blessed people in heaven and the thirty-three people liberated from hell as the heads of their respective realms, and through this we have completed the system whereby we can bring into line the spiritual world all the way down to the intermediate level through Jesus, four great saints, and monarchs. Since everything starts from the spiritual world and is concluded on earth as the final place of settlement, please allow all the blessed people on earth and in heaven to unite as one mind and body and march forward toward the goal, and realize the realm of the liberation of the universe, thereby leading us to the world where the victory and glory of the Heavenly Kingdoms on earth and in heaven eternally overflow on the basis of the heavenly sovereignty of true love and the heavenly authority of ten thousand generations. We earnestly ask You for this.

This morning, please remember what we notify You of, and allow us the grace to march on and on into the world of Your all-transcendence, all-immanence, omnipotence and all-capability, where all the blessed people of

conscience, the blessed ancestors in the heavenly world and the blessed families on earth can unite and freely move around with the sovereignty and authority of God. As I ask You for this, I proclaim this on this morning in the name of the True Parents. Amen! Amen! Amen!

Benediction Declaring the Return of the Cosmos to Heaven

Beloved Father! The Great Principle Path of the ideal of the true love of both heaven and earth was to have covered this universe in shining light, together with Your glorious love. The failure of the human ancestors of the original world of shimjung left behind a high hill of grievous pain, the high pass of historical han (anguish, bitterness). With great sacrifice, many tens of thousands built a wall around this high pass of universal grief. We humbly recognize the historical fact that Heaven initiated the benevolent path of restoration, in the place of humankind, in order to break through

this. The True Parents and the children of the Unification faith know very well how much trouble and suffering was inflicted upon You, our Father, by the false and disloyal actions of the created world.

Now all the secrets of both heaven and earth have been revealed, and we know God's situation, we know God's shimjung. Today, the standard of passionate intention to establish God's desire centers on our family, as the fruition of the substantial manifestation of the ideal. In front of Your shimjung, which seeks for the establishment of a family of liberated nations, True Parents, on this earth, have known that heart, and, up to the present day, have walked a forty-year circular course in order to develop a unified direction centering on Christianity.

Centering on the time of the return of the True Parent, which has been the hope of Christianity since the Second World War, and centering on the love that God has for the sake of establishing the new family, Protestantism and Catholicism-the new religion and the old religion-could not become one during the cosmically historical and revolutionary time period for reconnecting the original root of God's lineage, the root that can be connected centering on the sphere of God's life. They could not attend, horizontally, the True Parents, who can attend God's shimjung vertically. As a result, passing along the reverse course, You, Heavenly Father have gone through the family level forty-year wilderness course to restore all the

work and effort up to this time, traversing the path that the first and second Adams failed to complete, and from the beginning again, have been able to liberate the world of spirit and the world of material, to expand the blessing to a new, global level. Now, the struggle that must establish the final victorious authority lies ahead of us, the struggle for the final authority that can connect the final standard of settlement with the unification of North and South here in Korea.

The True Parent, who now stands in this position, has visited Korea together with Mother, in order to declare the final ceremony of return that can connect the oceans and the lands, as well as the return of the realm of the ocean and the return of the realm of land. Centering on Cheju Island, to fulfill all these declarations, we looked out over Mount Halla, gazed out over Mount Paekdu, then going over the Himalayas in their entirety, over Mount Everest, connected with the tranquility of the world, then again traversing rivers and centering on the responsibility to return the original world of the oceans, came back to Korea.

All the connections and bonds we have forged, all our prayers and declarations up until the present time, Father, we should have fulfilled centering on Cheju Island, but have instead come to this place and declare all this before You, Father, and before the entire universe. Therefore, Father, please remember this day.

Now, we are at the end of June; although I could not prepare all that I had planned for the end of June, I have established a conditional standard of more than eighty percent. As a result, with no connection with Satan whatsoever, You can take the fervent wish to accomplish Your desire and exert Your authority to move all situations and events to the definitive place of victory, of complete supremacy. True Parents receive this here, with the reciprocating standard, and declare, in the place of the ceremony for the return of everything, the entire universe, that this foundation will transform into the world of liberation that has been achieved.

Therefore, in the center of this cosmos, as the True Parents, and in unity with the Parents of Heaven and Earth, I declare, before the whole universe, the blessing of the Return that can settle and establish the Kingdom of Heaven on earth and in heaven, by which the blessed families of the earth, together with the entire universe, together with the entire spirit world, can become one mind, one body, one unity within the sphere of God's love. I fervently desire that by accomplishing this, the link of the supreme

authority of victory can continue, so that all situations and events in the future path of the Unification family can be resolved and met with complete success.

Father, I declare all these things, centering on this day, the 29th of June, at forty minutes past eight in the morning, and humbly, fervently ask You to establish this as a targeted mark in the world of spirit, and centering on this standard, to select and define all the crossroads of the cosmos. Father, in declaring all this in the place of the Ceremony of Return of the Cosmos, and in the name of True Parents, I ask You to bless us so that the Parents of Heaven and Earth and the entire universe can be embraced within, and digest, this content. In doing so, I declare the Ceremony of the Return of the Cosmos in the name of True Parents. Amen! Amen! Amen!

Benediction Declaring the Return of the Land to Heaven

Beloved Father! Today, on the 24th of June in the year 2000, we have come here to Korea. After having established the standard we know as the Return of the Oceans to God, now, here on the Korean Peninsula at the southern tip of this continent, we center on the Return of the Land to God, a standard which can be connected to all six continents of the world through the central continent of Asia. Father, on this day, grant that the oceans and the land, including all the things in the original garden that You made as Your ideal of creation, can be connected with the name of the Parents of Heaven and Earth centering on the Return of the Oceans and the Land to God. I declare these things before the entire cosmos in the name of True Parents.

Therefore, grant that all the families that have received the blessing in the spirit world and all the families that have received the blessing on earth establish a unified family sphere on the earth through the bonds of blood lineage and centering on the new true love of God. Also, grant that the complete unification of North and South Korea is also connected centering on the blood lineage of this one unified family.

With unrestricted authority, and by standing on the principle standard that says that a qualified true subject can digest and perfect a sphere that is in

the position of a true object, Father, make all the standards of the absolute ruling and opposition parties in South Korea into one so that, with a heart of love of parents, they can embrace the country of North Korea. Father, please resolve the deep-felt pain that surrounds Your desire for the restoration of the homeland, which can become the foundation for the Kingdom of Heaven on earth

and in the spiritual world, existing for thousands and millions of years on this eternal earth as God's fatherland. Then, together with the liberation of all things in the cosmos, establish the human race—which You created as the center and whom You have liberated after opening the gates of hell, both in the spirit world and on earth. Establish them as the lineage of the Parents of Heaven and Earth, with one eternal, free and unified realm of heart, as a single people with one unified blood lineage, as the one blessed family of Heaven on earth and in the spirit world, and as the one victorious family chosen by God. Father, as we advance on the path towards the unified world that can reign over the entire cosmos, allow the entire world to choose the unified tradition that transcends the divisions between mind and body, that transcends the relationship between the couple in the family, between the parents and children in the family, between siblings in the family, and that transcends the clan traditions and the national traditions. Father, complete the liberated nation of true love dominion that You can freely handle and work with, as the entire body of cosmic history starting from the individual.

Father, along with the liberation of the entire cosmos, enjoy the victorious glory of ten thousand years with all things in the universe. Father, I entreat You, bless us to pioneer the glorious lifestyle of Heaven.

Now, centering on this hour on this day, True Parents return to You the lands of the earth along with the oceans, and declare the original return of the lineage of the one clan created through the heart of love of the ideal of creation. Prepare these things from a position of complete freedom, centering on the suffering You have endured for thousands and millions of years, and grant that all nations in the dominion of love may become the world of humans and all creation protected by the Master of Love, through Your all-transcendent, all-immanent, omnipotent, all-capable activities.

On this day, the 24th of June, I offer to You the return of all things; please receive them on the behalf of True Parents, as the Creator who resides in the Heavenly Realm. In a one-way flow that has been defined as the eternal standard of victory, take the universe in equilibrium, and bless us to advance towards the Kingdom of Heaven on earth and in heaven; with this

in my heart, and in the name of True Parents, I pronounce the completion of the Return. Amen!
Amen! Amen!

Declaratory Prayer For The Day Of The Great Transition To The Realm Of Dominion Of The Ideal Of Creation

Beloved Father! Today is May 4 in the third year of Cheon Il Guk, the first Sabbath of this month. Up to now, April has been a month in which there was ongoing historical struggle and confrontation between the satanic world and Heaven centering on the Unification Church.

From this month and hour, now heaven and earth can grandly welcome oneness of heart, oneness of body and oneness of mindset with God, which is centered on absolute, unique, unchanging and eternal love, and upon God's true love, true life and true lineage. God is establishing the original standard in which Heaven can be the subject and the Archangel the substantial expression of the object. Centering on the God of the mind, the

God of the flesh, centering on the Kingdom of Heaven of thought and of the surroundings, we in the Unification Church have worked to create oneness centering on absolute faith, absolute love and absolute obedience, in order that this Kingdom may be established.

Due to the faithlessness of our first ancestors, everything that was planned in the original ideal of creation was lost. While devoting Himself to re-creating history, God lost His proper position, lost the foundation upon which His own mind and body and unified idea could come down to the earth, and lost all He had accomplished centering on Adam and Eve's family.

We know that You have been shedding Your blood throughout the course of history, throughout the course of re-creation — namely of indemnity — for our sake. Heavenly Father, You are taking responsibility for history's course. Despite Your having originally been in the position of the owner who could do whatever You wanted, and in the position of the central being with dominion over all things, You were placed in the position where You could not touch or control the universe, and You had no choice but to hand it over to the satanic world. To restore this, to establish the sphere of religion, You established Israel and Judaism. This work was prolonged and expanded from the first Israel to the second Israel and third Israel, as we learned from the Principle.

All things that were supposed to be united into one shattered into pieces and were turned upside down throughout our fragmented history because all the indemnity courses blocked heaven and earth, crisscrossing each other in all directions. Therefore True Parents came to the earth to walk the course of re-creation, which You are carrying out.

We know how hard You have striven to reconnect all the divisions in the world of microscopic organisms, minerals, plants, animals, human beings and even in the heavenly world in the providence of re-creation through our ancestors in history centering on the religious realm and the nation of Israel.

Even now, in the internal age of the providence, religious leaders have not known True Parents' will, which is to digest the power of Satan that has separated the earthly world and the spirit world, and ancient Rome and Israel. Because of this ignorance, You set up all things for the establishment of the realms of religion and ideology and at the appropriate time You sent

the True Parents. You illuminated the reality of the spiritual world and the physical world, the relationship between God and True Parents, and the relationship between mankind and all creation, and, in order to bring about unification You continued engrafting to the point of unity. On the basis of this You accomplished the Coronation of the Parents of Heaven and Earth.

Now, spiritually and internally, I have repaired the divisions between the heavenly kingdom, paradise and hell and between the spirit world and physical world, and developed horizontally those things that were split off from the vertical standard. To establish a unified authority, True Parents came to the earth and paid indemnity from the level of the individual to that of the family, tribe, people, nation, world and cosmos. Through this, the Coronation Ceremony for the Kingship of God was accomplished at the position where we could achieve oneness based on a standard of unity of the divided spiritual and earthly worlds.

On that foundation, centering on the time of Mother's hwangap [sixtieth birthday] and True Parents' birthday celebration on February 6 in the third year of Cheon Il Guk, the Holy Marriage Blessing Ceremony of the Parents of Heaven and Earth Opening Cheon Il Guk was held. On that foundation, for the sake of unifying the Parents of Heaven and Earth and the Cosmic Parent who is the Original God, divided by the original Adam and Eve, and on the basis of having True Parents' realm of victory that can rebind everything that was broken apart — from the smallest creation to the world of animals, to the world of humanity, to all of heaven and earth — we could hold the Coronation of the King of the Blessed Families of the Peace and Unity of the Cosmic True Parent and the True Parents of Heaven and Earth and thus restore the kingship and the cosmos that had been lost.

Also, up until now You have been establishing blessed families in the position of owners of Cheon Il Guk, putting them in the position of the owners of the ideal of creation in place of God, and letting them inherit all the things True Parents have paid indemnity for. Therefore, although they are fallen people, by receiving the blessing they become one with True Parents according to the standard of one heart, one body and one mindset, in the perfected position of unfallen, original Adam, in the liberated nation of Adam. In going even beyond the level of absolute faith, absolute love and absolute obedience, they will finally be able to bring the body into unity with the mind. This we understand clearly.

We should realize the true ideal on earth through realizing one heart, one body and one mindset. As we know that we should perfect a true family, a true nation, the true heavenly kingdom on earth, we in the Unification Church — by realizing one heart, one body and one mindset for the sake of this task — must commit everything, and we have been working side by side to bring this to fruition.

There are the blessed families of the Unificationist community and blessed families in the spirit world. One group, in the spirit world, is in the position of elder son and the other group, on earth, is in the younger-son position, the horizontal position. They are going in two different directions. However, the day of great transition — where the reversed order of night and day can be restored back to the original order — has come to this earth by which the elder brother can take the younger brother's position, and the younger brother takes the elder brother's position.

Owing to this, from today, May 4, the first Sunday of the month, when summertime is beginning, all of heaven and earth, and hell and heaven, can be shifted, and all the evil and good can be shifted. We should lead the stream of the history of division into an era where unity can be realized. We should straighten out the highway of heaven and earth, and properly complete the realm of perfection of the ideal of creation. Then starting from the age of individuals, and so that all of creation can be protected by God's love, we must enter the heavenly kingdom in heaven and horizontally realize the heavenly kingdom on earth.

You have promised to bless the time and place in which the physical world can connect to the heavenly world. You commanded me and I made preparations at three minutes before three o'clock and three minutes before four o'clock this morning. So here we are, at five o'clock. We, the Parents of Heaven and Earth, in front of all creation in the spirit world and the physical world, with the myriad soldiers of Yaweh in heaven and earth united as one, proclaim the era wherein the qualities of being one heart, one body and one mindset with the Parents of Heaven and Earth, while being completely one in body, mind and thought — centering on Your original inner nature of absolute faith, absolute love and absolute obedience as well as being one in absolute, unique, unchanging and eternal love — are vertically bound to the earth.

Therefore, we should restore what was lost centering on the love of God's ideal of creation — in the world of minerals, the world of plants, the world

of animals, the world of humankind, and the heavenly world. You, Heavenly Father, and we, True Parents, should create the realm of oneness for the Parents of Heaven and Earth to have independent authority over heaven and earth. As the Parents of Heaven and Earth are united with the ideal of creation of original liberation, and with the family ideal of creation, I sincerely hope and ask You to guide us to create one unified world between the heavenly world and physical world.

Knowing this, may all the content of the prayer at this time now be united with You. All beings in the heavenly world and in the physical world can be embraced in the bosom of God's love, and be free from the bonds of the fall. From this origin of liberation, the new world will be ahead on the road the Unification movement is taking. Now, I sincerely ask You, based on a heart of absolute faith, absolute love and absolute obedience, and having one heart, one body and one mindset with You, to allow this to be the time of inheritance when the blessed families in the heavenly world and the physical world, in the position of the owners of all things, can make oneness with the origin that unites the original God and the fundamental root of true love.

This world is full of suffering, misfortune, and ordeals. However, as You, Heavenly Father, wish and as You have dominion, the angelic world is being pushed into the middle realms of the spirit world. Now the heavenly kingdom, paradise and hell are rising from a flat plane through the course of the formation age, growth age, and perfection age to the age of equalization.

Likewise, all of heaven and earth, being in God's bosom, standing on the standard of equality, goes through the stages of perfected formation, perfected growth and perfected perfection. On that basis, we allow this age when people can become part of the heavenly household and heavenly realm of ownership according to their situation. Please, Father, accept this with joy, and, as we

march into this age leading straight to the special liberation of all nations and all things, we most sincerely report and proclaim this in the name of True Parents. Amen! Amen! Amen!

Blessing for Registration in Cheon Il Guk for the Revolution of True Heart and for True Liberation and Complete Freedom

Beloved Father! The thousands and tens of thousands of saints mainly consisting of Unificationists centered on the True Parents on earth and on the four great saints in the spirit world know all too well the pain of Your endeavors throughout history's long course and Your sorrowful heart throughout human history, a history of anguish.

When I was young, You called me to my destiny and gave me this responsibility to complete the liberated new heaven and new earth in the future that awaits. From that day of enlightenment in my youth, which came to me through the guidance and teaching of the spirit world along with the method of completing the path of a devoted son, the path of a patriot, the path of a saint, and the path of a family of a divine son of heaven, I spent my adolescent years, manhood, and senior years with the attitude of having one heart, one ideal and one core (focus). Throughout more than eighty years of my life, I have walked the path of indemnity in order to solve all these problems for the sake of heaven.

Adam's unacceptable disobedience and failure to adapt to God's absolute command and his union with Eve, who had lost her virginity due to the archangel's illicit temptation, brought about a total destruction to God's ideal of creation which would have led to the establishment of the true parent centering on God, the true children, and the true nation and world. This brought God to a state of extreme grief.

All humanity has been unaware of this. Thus they must be educated so that they understand. The impiety before heaven caused by our historical ancestors and the walls of anguish which were erected in the (providential) era of the individual, family, tribe, people, nation, and beyond that, the world and the cosmos must be completely cleared away. All that was lost, including the era which You envisioned as that of the victorious kingship centering on the original family of Adam, which was Your ideal of creation, must be restored again through indemnity.

From that day, on which You commanded me to take on that responsibility, I have had to completely restore the individual path of indemnity, the path of indemnity for the family, tribe, people, nation, world, and cosmos, and also the path of indemnity on earth and the path that can break down the walls of paradise and hell in the spirit world. Through this I had to restore, from Your original heart, everything that You had wanted to establish in heaven and on earth, including the foundation for blessing the families of devoted sons, patriots, saints, and divine sons and daughters.

True Parents, who were assigned this responsibility, have devoted their entire lives until now, enduring the path of suffering to indemnify everything. Establishing the foundation for the devoted son, patriot, saint, and the family of the divine son and daughter that You have longed for, I offer this path of suffering for the sake of creating a heaven and earth where Your almighty, all-encompassing, pervasive, and omnipotent authority centering on the good dominion of love can be present. I sincerely thank You for being able to lay the foundation for this victory in our struggles until now.

In order to restore the unified foundations of peace for the individual, peace in the family, peace in the tribe, peace for the people, peace in the nation, and peace in heaven and on earth, and create a foundation for the true nation in the spirit world centering on God, the four great saints have become one to fulfill the standard of a heaven of peace in the kingdom of heaven. This standard has unified in all directions and has now been conferred on the True Parents on earth.

True Parents have also taken on this purpose and have ushered in the age that can go beyond and liberate the path of the cross for the individual, the path of indemnity for the family, the path of the cross for the family, the path of indemnity for the tribe, the path of indemnity for the people, the path of indemnity for the nation, and the path of indemnity for the world. Through this, the law of indemnity has been withdrawn, and the aberrant lineage – created by the separation into two worlds based on the animosity between Cain and Abel – has been erased by being transformed into the good lineage. Centering on the liberated realm of Cain and Abel, the words of revolution through indemnity, revolution of conscience, and revolution of heart have been declared on earth and in heaven.

Based on the true-love revolution of heart and the realm of true liberation and complete freedom, the satanic lineage has been completely cut off, and

the world before the coming of heaven has ended, centering on True Parents. With the declaration of the beginning of the world after the coming of heaven and with the crowning of the King of Peace on earth, a structure of a nation under Your authority, uniting the heavenly nation and the earthly nation, has been established.

With this, everything has been liberated and cleared away, and the walls that were blockages on earth and in heaven have been cleared away. The proclamation to transfer the victorious authority, following the coronation ceremony for the perfected, victorious nation of the heavenly and earthly worlds, the original nation and world of victory before God, into the ideal reign of peace and prosperity of the new world of heaven, has now been achieved.

Finally, on this land, as the king of goodness, a good people centered on the king of goodness and the territory of goodness can be started on the foundation, erected in heaven, representing the earth, representing all of creation in heaven and on earth, and representing the children and the nation. Thus, I truly, truly thank heaven for this day, in which You are free to have direct dominion over the three requisites of Your sovereignty – sovereignty, people and land – thus enabling You to hold this coronation ceremony to establish the king of goodness.

Here today, I thank You for giving us this time of liberation where these participants in the blessing ceremony can be registered into the peace kingdom of Your nation, with the attendance of all nations of the world, with the opening of earth and heaven through the liberated blessing on this new earth through the True Parents who wield the liberated kingship of goodness. Let everyone be brought into Your victorious authority and Your eternal embrace. With the era of the kingdom of peace for the safe settlement of the liberated heaven and earth, let this era continue for billions of years to come. All this we offer and declare in sincerity through the True Parents. Amen! (Amen!) Amen! (Amen!) Amen! (Amen!) Amen! (Amen!)

45th True Children's Day Celebration

November 12, 2004 (October 1 by the lunar calendar) 8 AM: Five thousand members and leaders gathered at Cheongpyeong Heaven and Earth Training Center to celebrate the 45th True Children's Day (44th anniversary) with True Parents. The following is an outline of True Father's prayer on that occasion

Beloved Heavenly Father, today is November 12 in the fourth year of Cheon Il Guk, and the 44th anniversary of Children's Day. Today, under the watchful gaze of heaven and earth, in which God and True Parents' realm of heart can be established, and with all the children blessed in the spirit world and the children blessed on this earth gathered around Heaven, we stand above the interreligious and international realm. We are aware of the toils You suffered throughout this history of anguish (han), this history of indemnity that began when You lost Your family from the time of Adam's family in which the father fell away, and the mother and Cain and Abel fell away from this earth. If there had been a day in which we could celebrate True Children's day before You, God's Day would have been automatically established. The origin for the start of the true parent, true children, true creation and true family, could begin centering on Adam and Eve by blessing them as the owners of love to perfect the son born in the subjective position of the ideal of love. On that day of Your son and daughter's blessing, the family of heaven and earth — the family of Adam and Eve and the family of heaven — could have been created centering on the perfection of Eve raised in accordance with the relative standard; centering on the substantial realm on earth, and centering on God, the father, the invisible subject partner, the harmonized being of dual characteristics who stands in the position of masculinity. From this family of two worlds, from Adam's family on earth, the substantial fruit of the children could have begun anew and sprouted forth on this earth. Yet this new beginning did not appear, and to this day You lived in solitude without a chance to love Your children and creation.

Adam and Eve's failure to unite and love the creation left behind a history of sorrow and anguish. Because of this Adam and Eve, the ancestors of fallen humanity could not find the position of the mother on this earth. Eve lost the position needed in laying the victorious foundation from the individual, family, race, tribe, nation, world and cosmos. Because of this, Satan acquired Eve and the birthright of the eldest son in regards to all

those positions along with this earth. At this current stage, marred by the diversion of the lineage, we know of Your sorrow and anguish as the God of heaven; the One who puts all things in order; and king who presides over the family ideal, for being unable to visit and related to this position in which the lineage was reversed. Thus, 130 years after the fall of Adam and Eve, You raised Seth to initiate a new beginning for restoration in anguish. Yet this was not the path for restoration. Jesus came to this earth in order to return to the position of heaven and rise above the sorrow of the heart coming from the course of recreation. Yet he was unable to attain the position of the father and mother with victorious authority of the Israel nation and the realm of Israel on this earth. I know very well of the urgency and intense pain of Your heart as you had to wait while mankind self- destructed during the prolongation and extension of the providence.

On the 44th anniversary of Children's Day today, we have entered a time in which we should offer all the providential fruits along with the fruits of this harvest. The number 44 becomes the position for the mother in terms of mother and child when this number is reversed and put together. The president of America is the 44th president, and today is also the 44th anniversary of Children's Day. With the sons and daughters today is a good day. The memories of such days in which our appreciation can be expressed in writing in Asia — the meaning of the letters from the Asia culture sphere centering on this internal and external content must be unraveled centering on heaven in the Last Days. All that True Parents have said in the Last Days are the letters written during God's providence. In traditional history there were many complications. The reason the Asian races were able to occupy over half this world amidst strife was because of the principle that there must more true olive trees than false olive trees within Your works. For four thousand years of the realm of Israel from the individual, family, tribe, and nation centering on the interreligious and international realm, You promised to send the Messiah. But Israel, the nation that received this promise, failed to unite with Rome, failed to uphold the standard of absolute faith, absolute love and absolute obedience, and lost everything, thus prolonging history for two thousand years. The Lord of the Second Coming who comes to indemnify all this, had to reveal and indemnify all the hidden truths in this historical age. Thus he brought together all the mistakes from Adam's family, Jesus and the mistake of Buddhists who drove away the family of the True Parents, and built Cheon Il Guk, the heavenly nation that goes beyond the fourth Israel, the realm of Adam's heart centering on the victory of the kingship of good, the victory of the

kingship of the 1st, 2nd, 3rd Israel. Looking back to this, all these achievements were part of the path of anguish. Though You were hidden amidst clouds of sorrow and pain, and amidst a mist, unfailingly You drove me towards Your direction and goal, enabling me to participate here today. I am truly, truly, truly grateful for Your grace.

Today, on this Children's Day, I stand in the position of Your son, and Mother stands in the position of Your daughter. Let this day be one in which we can celebrate a day of victory that can substitute Children's Day. With the historical fact that overcomes this pass, I have conditionally installed, indemnified and placed everything in order to enable us to move into the victorious time of God's kingship centering on the era before heaven and the era after the coming of heaven along with the new heaven and new earth. From this day forth, with Your authority, all the events that promise a new beginning now stand true on this foundation. The realm of unity — where Jochongryeon (the

pro-North Pyongyang Residents' League in Japan) and Mindan (the pro-Seoul Federation of Korean Residents in Japan) have become one, Gyeongsang Province and Jeolla Province [two regions of South Korea] have become one, and this nation and the Unification have become one – must be supported. Thus everything can be put to order centering on this new resolution of the Younghan and Honam area (of Korea). Let the audience gathered here go forth confirming the fact that the fruits will be promised to them from the victory gained based on this logic. In order to unite heaven and earth centering on the direct sons and daughters in the spirit world around the four great saints and commander in chief, Heung-jin nim, we must unite centering on the blessing of love, attain the relationship of brotherhood that can guide the spirit world and this earth, finally letting Eve and Asia find their positions. In the position of the Eve nation, Japan can give birth to two twins and offer them to the Father — by doing so the suzerain authority as the mother to the Eve nation and Protestant nation can be established. The suzerain authority of the Cain world can be established by connecting to the coronation ceremony centering on the realm of the Mongolian Peoples' Federation for World Peace. All things prepared for the events on the 30th of this month, and December 1 – all things carried out for the perfection of the final overhaul of denominations should make rapid progress amidst Your presence. I fervently pray that Children's Day can be commemorated in a way that enables us to unite with the king of heaven, the king of earth who is the owner of the new heaven and new earth in the era before heaven, the era after the coming of heaven with the liberation and complete

release of heaven, and the victorious authority. All this I sincerely, sincerely, sincerely, report and declare this in the name of the True Parents.

Invocation of the Blessing

On this day, in Yoo Gwan Soon Stadium in Cheonan, 1,634 couples have gathered to carry on the traditional blessing of Heaven by forming families of Cheon Il Guk, in attendance of the beloved Cosmic Parent and the Parents of Heaven, Earth and Humankind. These couples have resolved to form true conjugal relationships, passing on the inheritance of Heaven and

aiming toward the world of eternal blessing and liberation. We are especially grateful to You for choosing and establishing this day as the very day on which the blessed couples of the Unification

Family throughout the world and the couples who are receiving the blessing here can participate together and celebrate this day.

If we who are gathered here today had not fallen, we would have resided in the Garden of Eden, where we would have inherited the blessing as the kith and kin of the Parents of the horizontal and the vertical, centered upon True Parents. At the same time, we would have become the representatives of all prosperity and well-being, and we would have received the blessing and received our inheritance. However, because we lost that right, and in order to reestablish this on the fundamental level, our Heavenly Father, as the original owner of love who can embrace all of heaven and earth, has carried on a history of regeneration and re-creation time and time again, setting His sights on the eras of the individual, family, tribe, people, nation and world. All families of the Unification Family, and the members both in heaven and on earth, are truly grateful for this day. With our hearts filled with our earnest adoration for the endeavors and deeds of Heaven, we thank You for taking part in this celebration.

Closely observed by all of heaven and earth, at this place of blessing where Heaven is bestowing the right to inherit liberation and complete inner freedom, now these 1,634 couples will complete all the promised and long- established covenants of the kingdom of God.

The original, ideal realm before the Fall, which was lost in Eden, was lost in Adam's family. The family of Jesus tried but was unable to restore it. Thus, it comes down to the Lord at his second advent, coming in the name of True Parents, on the basis of his appearance on earth. This is the occasion on which the foundation to attain and perfect that ideal realm is laid down in each of the families who are receiving the blessing, at the occasion of the blessing, the place of final separation — from which all of Satan's authority can be completely eliminated in the generations to come. This is the occasion that is being observed by the people of 186 nations across the world.

Father, we truly pray that You will accept this hour as one when You can bequeath the realm of the Royal Family of the sons and daughters of Heaven, connecting to the right to receive the grace of liberation and complete inner freedom, at this place where our Heavenly Father and True

Parents, the Cosmic Parent and the Parents of Heaven, Earth and Humankind, are one body, one heart, one harmony and one essence.

We also hope and pray that the relatives and family members gathered here today will become protective walls around those who have received the grace of the blessing today, and that they may become the parents and the family members who can help the blessed couples of today to stand up and actively engage, and teach them to be loyal and filial, and to serve their ancestors with responsibility. We earnestly pray that You will bless and bequeath this day to be a commemorative day on which they can form bonds of unity in heart, through which they can become one with their ancestors, their tribes, and their descendants.

We truly hope and pray from deep within our hearts that today will become a day to be commemorated, on which the authority of the grace of the blessing can expand and be declared

throughout all nations and ages to come, like one great melting point as of this hour, now closely watched by the 6.5 billion people of the world.

We also pray that the protection and grace of Heaven will dwell eternally with the 1,634 couples who will forever pass these on, along with the traditional blessings of Heaven to their descendants, tribes, and their nations. I declare this blessing in the name of True Parents. Aju! Aju! Representing the entire cosmos, we all proclaim, Aju!
