# GLOBAL WOMEN'S PEACE NETWORK

THE WOMEN'S FEDERATION  
FOR WORLD PEACE

"Throughout history, women have been persecuted, but I predict this will change. The coming world will be one of reconciliation and peace based on women's maternal character, love, and sociability. The time is coming when the power of women will save the world. The women's organizations my wife leads, seek to bring about peace on the principle that women should work together, take initiative, and empower one another across traditional lines of race, culture, and religion to create healthy families as the cornerstone of the culture of peace."

# SOLUTION TO TODAY'S PROBLEMS - SMALL AND LARGE

Senator Orrin Hatch is awarded with the Great Government Medal in honor of his longstanding advocacy for family values during his term as the US Senator, Washington, 2010

THE INTERNATIONAL ASSOCIATION  
OF PARLIAMENTARIANS FOR PEACE

"When you look at the state of the world today, there is no center. Small nations and larger nations only think of their own interests. In our hearts, we all desire to have a united world—a peaceful happy united world—but so many walls block our way. We worry that we will be unable to say that the future for our descendants is a hopeful one. If that is the case, for you to fulfill your responsibilities as elected representatives of the people is most important. The only path to solving all the difficult problems of the world today is through the manifestation of the True Parents, who can heal all the problems of all nations, whether rich or poor."
