## KEYWORD

**Dr. Hak Ja Han Moon**

UPF Co-Founder

The day when all nations become children of our Heavenly Parent, the Creator, is the day when we can truly become one family of humanity that attends Heavenly Parent.

**H.E. Evaristo Carvalho**

President of Sao Tome and Principe (2016~Present)

I would like to reiterate here my adherence to the principle of living together, of building peace together, of removing any religious, racial, or ethnic considerations, that could further poison and fuel crises, and of pooling our resources and our means to solve the problems that humanity as a whole and our populations face, in accordance with the principles the Founder of the Universal Peace Federation has dedicated on more than one occasion.

**H.E. Richard Cheney**

Vice President, U.S.A. (2001~2009)

The independence of nations, for the self-determination of peoples, and for justice under the rule of law. Those are ideals that always need defending, and we should do so with confidence that they speak to everyone in every culture and every part of the world. That is certainly the spirit of this online gathering, and I am honored you asked me to be a part of it.

**H.E. Dan Quayle**

What does this tell us? It simply means that with stronger ties and partnerships, perhaps, a similar challenge in the future would not have the kind of effect it has had on the world today.
