

Cheon Il Guk Victory Celebration Commemorating the Events Marking the 9th Anniversary of the Holy Ascension of Sun Myung Moon, the True Parent of Heaven, Earth and Humankind

9.19 by the Heavenly Calendar in the 9th Year of Cheon Il Guk (October 24, 2021)

Dear leaders and blessed families around the world sharing this day together! This is a happy day. We know how much Heavenly Parent has waited for this first step toward living in the kingdom of heaven on earth where Heavenly Parent's dream has been realized—the dream of all people living together with True Parents, attending Heavenly Parent's embodiment on earth. To bring about that day when our Heavenly Parent can begin living on the earth plane, Heaven blessed the Korean Peninsula to become the birthplace of True Parents, and for this we are thankful.

In light of today's reality, however, we can see that the Korean people still have to awaken to their calling. True Parents have desired that Korea, a nation that Heaven has blessed, become a unified nation that attends Heaven. We desired that Korea and its people can confidently speak of, and demonstrate to the world, the way of life of attending Heaven. With that hope in mind, True Parents held onto Heaven to this day in an unthinkable environment. In the situation in which Christianity has not been able to fulfill its responsibility, we have invested all our devotion and effort as the True Parents, ensuring that the United States and Japan would

surely come together as one. Words cannot describe how God toiled to create this environment in which we can contemplate tomorrow with hope.

Based on the course of True Parents' hard work that has deeply touched both heaven and earth, and with the beginning of the age of the Asia-Pacific Civilization, many countries around the world are, together with True Parents, jointly seeking out and taking the path to a truly peaceful world. Based on our feelings upon listening to Director-General Yun's report about his visit to Cambodia, we realize that Heaven surely has been preparing for this one day.

National-level leaders from various faiths have resolved to uphold True Parents' teachings and work together to forge the path to a world of peace. They are pooling their expertise and wisdom for the purpose of creating a world wherein all people live together as one peaceful family, which is our Heavenly Parent's dream. We know that no words can describe God's difficult work to bring forth true leaders and righteous people who can stand at the vanguard of this effort.

Yes, Heaven cannot wait any longer. The blessed families of the Unification Community, especially the

blessed families of Korea, have a big responsibility. To take the first step in transforming Korea into a nation that attends Heaven, you need to trust in God, become one with True Mother, the only begotten Daughter, and fulfill your responsibility during the six months remaining [from the Seonghwa anniversary to the end of

the lunar year]. On the day you accomplish this, Heaven will be together with us. That will be the day on which we realize our dream and our Heavenly Parent's dream. I ask you to please keep this in your heart and to do your very best.
